## **The Catherine Kimbridge Chronicles Inception English Edition:**

The Catherine Kimbridge Chronicles #1, Inception Andrew Beery, 2018-11-30 2067 was the year I died for the first time. It was painful. Had I known how often I'd be expected to die over the next several millennia I might have made a stronger effort to stay dead. The year actually started off rather nice. I finished my PhD in high energy physics and was promoted to Lieutenant Commander in the United States Air Force. My first posting after the promotion was to the Lunar One Air Base where I worked with my father Dr Robert Kimbridge on The Project. The Project was our name for a VASIMR Ion Drive interplanetary space craft that used Thorium LFTR reactors for both shielding and power. Capable of a sustained point one G of acceleration our prototype was expected to make the Mars run in less than a week. By the end of November the ESX Arizona was ready for her first trial runs and I was her pilot. History has an odd way of repeating itself. Uncounted millennia ago the uncreated Creator reached forth a hand and touched a series of disparate universes. The touch set in motion ripples that created life in the Creator's image, a life that was self-aware, a life that aspired to be more than it was, a life that sought to create in its own right. Love and fear walked hand in hand. Thus the stage was set for an epic conflict that would span the universes. These are the adventures of one brave soul and her quest to protect all life. These are the Catherine Kimbridge Chronicles.
