Back cover **An Introduction to the Bible** Christian Ewing Hauer, William A. Young, 1990 An introductory account for college students and general readers with little or no previous exposure to the academic study of the bible The three worlds are the historical the literary and the contemporary A tip of the hat to the authors for making their own perspectives clear so as not to confuse data and interpretation With a variety of maps charts tables and photos illustrating the text Annotation copyrighted by Book News Inc Portland OR *The Bible* Gerald Charles Tilley, 2017-07-16 This is a general introduction to the Bible that presents these writings as revelation from God to all humanity This perspective is based upon the reality that textual criticism and archaeological excavations confirm that the Biblical text and history is reliable This perspective is also based upon the evidence that the Bible cannot be adequately explained as a product of the cultures and eras in which the various documents were written For example the Biblical writers avoid the mythologies and misperceptions that were believed by the surrounding nations at the time of the various writings In addition there are scientifically accurate statements in some of these documents that were undiscovered until modern science An honest reader cannot easily dismiss such evidence of divine authorship This Bible Introduction explains key theological term related to the Bible such as Inspiration Revelation Inerrancy and Authority This book also indicates the flaws in the Documentary Hypothesis which is taught in secular and Liberal institutions despite having absolutely no evidence to support it It also shows why the apocryphal and Gnostic writings were not included in the Bible [A Study Companion to the Bible](#) Anthony Le Donne, Jerry L. Sumney, 2014 Jerry L Sumneys *The Bible* An Introduction offers clear answers to the most basic questions that first time students and curious inquirers bring to the Bible The Study Companion is a handy complement to the textbook providing primary readings and a running glossary of terms keyed to the textbook along with exercises for further reflection
