The Blind Side Of The Heart:

"An Anarchy in the Mind and in the Heart" Ellen M. Wolff, 2006 This is a study of some of Anglo Ireland's most compelling twentieth century attempts at self representation In contrast to formative studies that read Anglo Irish fiction as a predictably colonialist literature that nostalgically champions ruling class culture the author argues that novels by such authors as Molly Keane Elizabeth Bowen and Samuel Beckett are in fact richly textured narratives that sustain continuous debates with their own visions and revisions of history and culture The book contributes to the ongoing effort in Irish cultural studies to analyze myths and stereotypes that have been both symptom and cause of Irish troubles past and present and helps destabilize problematically binary terminologies toward which discourse about postcoloniality can tend In the process the author refines received ideas about literary modernism and post modernism and suggests failings in the prevailing theory and practice of ideology critique Ellen M Wolff is Eleanor Gwin Ellis Instructor in English at Phillips Exeter Academy

The Blind Side of the Heart Michael C. White, 2009-10-14 From the author of the critically acclaimed novel A Brother's Blood comes a haunting story about an Irish housekeeper who must discover the truth when her friend the parish priest is accused of horrible crimes Maggie Quinn has had her share of misfortune Having grown up poor and fatherless in Galway she was forced to quit school early and find work to support her ailing mother and her own child But when a tragedy of her own making strikes it is too much for her to bear Plagued by feelings of guilt and sorrow and by losing her faith in God she runs from her past first by fleeing Ireland for America and later by drowning her sorrows with the bottle Maggie hits rock bottom when she makes an unsuccessful suicide attempt While recuperating in a hospital bed she meets the remarkable Father Jack Devlin With his compassion and love Maggie once more finds her faith and a reason to live For the past eighteen years Maggie has devoted herself to the man who saved her life But now Father Jack the beloved if controversial priest in the small town of Hebron Falls Massachusetts is accused of having done terrible things to altar boys many years before At first Maggie is convinced that the accusations are only lies brought out by Father Jack's enemies Yet as she sifts through the memories of her life with Father Jack doubts begin to emerge Could she have been blind to a darker side of her friend all these years And when new information surfaces regarding the unsolved murder of a young altar boy with possible links to Father Jack her faith is once again put to the test Maggie must search her memory and her heart to help her decide what to believe The Blind Side of the Heart poignantly captures one woman's struggle to remain loyal to a friend while at the same time she is forced to examine her conscience to arrive at the truth
