Prophecy in the Book of Jeremiah Hans M. Barstad, Reinhard G. Kratz, 2009-09-04 This volume contains the proceedings of a Symposium Prophecy in the Book of Jeremiah arranged by the Edinburgh Prophecy Network in the School of Divinity at the University of Edinburgh 11-12 May 2007 Prophetic studies are undergoing radical changes at the moment following the breakdown of a methodological consensus in humanities and biblical studies One of the challenges today concerns the question how to deal with history in a post modern age The French Annales School and narrative theory have contributed toward changing the intellectual climate of biblical studies dramatically Whereas the historical Jeremiah was formerly believed to be hidden under countless additions and interpretations and changed beyond recognition it was still assumed that it would be possible to recover the real prophet with the tools of historical critical methods However according to a majority of scholars today the recovery of the historical Jeremiah is no longer possible For this reason we have to seek new and multimethodological approaches to the study of prophecy including diachronic and synchronic methods The Meeting in Edinburgh in 2007 gathered specialists in prophetic studies from Denmark Finland Germany the Netherlands United Kingdom and the USA focusing on different aspects of the prophet Jeremiah Prophetic texts from the whole Hebrew Bible and ancient Near Eastern prophecy are taken into consideration

The Book of Revelation Charles Homer Giblin, 1991 The aim of this commentary on John's Apocalypse is to render it readable and appealing Built around the orderly presentation of the author's translation of John's Greek text the commentary enables the reader to perceive and appreciate the literary unity coherence and definable theological emphasis of John's composition Intended strong points are a comprehensible analysis of the carefully wrought rhythmic structure of John's visions of his understanding of the end time in which we live and of dominant thematic aspects such as presenting God's Holy War of Liberation as the Gospel The commentary tries to do justice to John's own intention of providing an open unsealed book for a variety of readers
