Narrative Devices in the Shiji Lei Yang, 2024-04-01 Provides a new model for reading the Shiji and other early Chinese historical texts Narrative Devices in the Shiji Retelling the Past offers the first systematic analysis of narratives in early Chinese historical writings from 400 BCE to 100 CE with a focus on the Shiji Records of the Historian a vast collection of historical accounts completed by Sima Qian 145 86 BCE For centuries the dominant approach to the Shiji has been to infer Sima's intentions from his biographical experiences and subsequently project them back into the text This has caused the import of the work to be overshadowed by Sima's tragedy of castration and has minimized the question of how narrative as a form affects the text's interpretation Lei Yang fills the gap by exploring how Sima manipulated the Shiji's narrative structure to represent the past Drawing on Gérard Genette's narratological theories the book examines how sequences of events build causality what is slowed down and sped up to manage information control and how the text provides multiple perspectives on the same events Redefining the Shiji's place as a turning point in Chinese textual history Narrative Devices in the Shiji sheds light on the evolution of early Chinese historiography As an interdisciplinary dialogue between Chinese texts and the Western theories it opens the Shiji to new

interpretations and provides a novel framework for Chinese historical writings **A History of Books in Ancient China** Li Chen, 2024-05-15 This book presents a study of the history of ancient Chinese books not only highlighting specific aspects of the ontology of book history such as printing and publishing but also analyzing the internal and external causes of the development of book undertakings from a macro perspective Placing the development of and changes in the history of books in the context of social development it investigates its interaction with politics economy society education and religion especially with the big culture and constructs a book centered history of ancient Chinese culture The History and Cultural Heritage of Chinese Calligraphy, Printing and Library Work Susan M. Allen, Lin Zuzao, Cheng Xiaolan, Jan Bos, 2010-03-26 In China the tradition of a book society is longer than anywhere else in the world Chinese paper making calligraphy and woodblock printing date from very early ages but have for a very long time remained almost unknown to the Western world At the IFLA satellite meeting Chinese Written and Printed Cultural Heritage and Library Work in Hangzhou in 2006 the richness of present day book historical research and library activities in China has been presented by more than sixty papers This fine selection reflects the width and depth of this extremely important and immense Chinese heritage
