Miles, There are things out there you know nothing about and would not believe even if you did Luckily for you most of these things are completely indifferent to your existence That wouldn t stop them from tearing you apart in a heartbeat were you to attract their attention Fortunately for humanity they spend most of their time and energies inflicting atrocities upon each other The threats from their own kind are far greater than those posed by their prey From before the dawn of civilisation to the dusk of today they have coexisted with you A hidden dysfunctional society that clings to a degenerate feudalism modern life through a predator s eyes This is the tale of one nightwalker s dark journey amidst the patterns and intrigues that weave through centuries and countless lives **The Trial of Gustav Graef** Barnet Hartston, 2017-11-15 Although largely forgotten now the 1885 trial of German artist Gustav Graef was a seminal event for those who observed it Graef a celebrated sixty four year old portraitist was accused of perjury and sexual impropriety with underage models On trial alongside him was one of his former models the twenty one year old Bertha Rother who quickly became a central figure in the affair As the case was being heard images of Rother including photographic reproductions of Graef s nude paintings of her began to flood the art shops and bookstores of Berlin and spread across Europe Spurred by this trade in images and by sensational coverage in the press this former prostitute was transformed into an international sex symbol and a target of both public lust and scorn Passionate discussions of the case echoed in the press for months and the episode lasted in public memory for far longer The Graef trial however was much more than a salacious story that served as public entertainment The case inspired fierce political debates long after a verdict was delivered including disputes about obscenity laws the moral degeneracy of modern art and artists the alleged pernicious effects of Jewish influence legal restrictions on prostitution the causes of urban criminality the impact of sensationalized press coverage and the requirements of bourgeois masculine honor Above all the case unleashed withering public criticism of a criminal justice system that many Germans agreed had become entirely dysfunctional The story of the Graef trial offers a unique perspective on a German Empire that was at the height of its power yet riven with deep political social and cultural

divisions This compelling study will appeal to historians and students of modern German and European history as well as those interested in obscenity law and class and gender relations in nineteenth century Europe **White Knights in the Black Orchestra** Tom Dunkel,2022-10-11 They were a small group of conspirators who risked their lives by plotting relentlessly to obstruct and destroy the Third Reich from within The Gestapo nicknamed this shadowy confederation of traitors the Black Orchestra This is their tension filled story As the Final Solution unfolds a loose network of German military officers diplomats politicians and civilians are doing everything in their power to undermine the Third Reich from the inside reporting troop movements to the Allies feeding disinformation to the Nazi high command plotting to assassinate Adolf Hitler and more The Gestapo nicknames this shadowy confederation of traitors the Black Orchestra Its players include Dietrich Bonhoeffer a dissident Lutheran pastor and his brother in law Hans von Dohnanyi a staff attorney at the Abwehr the German military intelligence service In this tension filled narrative Tom Dunkel traces the perilous movements of these white knights as they and their families face constant danger of being exposed and executed Some act out of moral outrage and patriotism Some want to atone for their own Nazi sins When their treasonous activities are finally discovered Hitler s SS and the Gestapo are hell bent on taking bloody revenge as the end of the war rapidly approaches and lives hang in the balance **White Knights in the Black Orchestra** is a tautly written meticulously reported account of men and women heroically resisting Hitler s ruthless regime It packs the punch of the best espionage thrillers but the cat and mouse drama and plot twists are grounded firmly in fact This is a stirring story of people willing to risk all by doing the right thing in a country gone mad a story that may prompt readers to ask themselves What would I have done **The Times Cuttings** ,1940-02 **Retailing in the European Union** Stewart Howe,2005-08-12 As retailing becomes increasingly important in global economics the similarities and differences of retailing from country to country are now more evident This unique and timely study of retail structures across Europe gives an insightful overview of the internationalization of retailing and asks important questions regarding the effectiveness of different retailing sectors With chapters on Denmark France Germany Greece Italy Spain and the United Kingdom this contemporary study examines the extent to which Europe s increasingly homogenous environment applies to retailing By considering overall structural and socio economic variables of country to country retailing it draws fascinating conclusions on efficiency and competition within the European Union A major contribution to the field of European retail studies this significant work in comparative legislation is essential reading for anyone studying retailing at postgraduate or undergraduate level or with an interest in comparative economics
