The distinct roles of teachers, reading literacy specialists, literacy coaches, special educators, and principals are explored with an emphasis on fostering a culture of collaboration. Chapters highlight the standards that apply to each component of a schoolwide literacy program, give examples of what they look like in schools, and share implications for classroom practice and professional learning. Pedagogical features include guiding questions, case examples, vignettes, engagement activities, and annotated resources for further learning. New to This Edition: Now copublished with the International Literacy Association (ILA) and grounded in ILA's updated Standards (2017), expanded grade range includes PreK. Chapters on new topics: writing instruction, sustaining schoolwide improvements, and collaborative leadership. New chapters on core topics: the principal's role, assessment, middle and high school literacy programs, special education, and culturally responsive instruction. Vignettes from leaders in diverse roles. Think About This: questions for discussion, reflection, and end of chapter annotated resources.

Literacy and Learning in the Content Areas Sharon Kane, 2025-04-23 The fifth edition of *Literacy and Learning in the Content Areas: Enhancing Knowledge in the Disciplines* provides readers with the knowledge, motivation, tools, and confidence for integrating literacy in their disciplinary classrooms. Offering a literature-based approach to teaching disciplinary literacy, the new edition shares important ways in which teachers of courses in the disciplines can enhance student learning of subject matter and skills while also fostering their growth in the many facets of literacy. Throughout each chapter, Kane provides engaging and creative strategies and activities to make literacy come alive in discipline-specific courses and to encourage students to explore and learn in the classroom. Embedded in each chapter are examples, resources, and strategies to help readers actively engage with and implement literacy practices. These features include Teaching in Action examples by subject area, Activating Prior Knowledge activities to stimulate critical thinking to prepare readers to learn complex theoretical and conceptual material about teaching, learning, and literacy, and end of chapter Application Activities to apply field experiences to classroom use. New to the Fifth Edition: Every chapter of this new edition is updated to reflect the current approaches, standards, and benchmarks for discipline-specific literacy. A new introduction with reading activities for professors to exemplify a common reading experience with their students, supported by online reading materials. New book talks to highlight books that show disciplinary thinking in action, including literature related to art, physical education, economics, computer science, engineering, food science, music, robotics, environmental science, family and consumer science, and technology. Expanded practical instructional strategies with new examples focused on STEAM, science, technology, engineering, art, math, fields, and topics relating to diversity and language, ESL, ENL, and modern language learning. Updated examples and activities to emphasize students' active involvement in their own learning.
