The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *The works of Robert Burns, with the Life of Burns, by J.G. Lockhart; and essays by T. Carlyle and prof. Wilson. Ed. by C. Annandale* Robert Burns,1888 An Introduction to Biophysics, by David Burns ... David Burns,1929 **Life and Works of Robert Burns** Robert Burns,Peter Hatley Waddell,1867 Burning Books Haig A. Bosmajian,2006 This work provides a detailed account of book burning worldwide over the past 2000 years The book burners are identified along with the works they deliberately set aflame Provided by publisher *The Burning Bush* Sergei Nikolaevich Bulgakov,Sergius Bulgakov,2009-04-10 The first component in Bulgakov s minor theological trilogy In this book Sergius Bulgakov refutes the Roman Catholic dogma of the Immaculate Conception and discusses the Orthodox veneration of the Mother of God The Burning Bush is a consideration of the personal sinlessness of Mary the truth of which Bulgakov finds grounded in both Gospel witness and the liturgical tradition of the church Though his most controversial legacy to the theological community Bulgakov s Sophiology nevertheless is critical to understanding his Mariology This volume is more than mere sophiological speculation however as anthropology eschatology original sin human sanctity and sexuality all find their way into Bulgakov s exploration of the mystery of the woman chosen by God to give birth freely to the Christ In this book unique in the Russian Orthodox literature the great theologian Sergius Bulgakov illuminates various aspects of the Church s veneration of the Mother of God Like all of Bulgakov s devotional books this is not a work of abstract theologizing but a work of prayer opening up a vision of the mystical reality that forms the foundation of our relations to the Ever Virgin and her relation to us Thomas Allan Smith s translation is superb and in his first rate introduction he does an excellent job of elucidating Bulgakov s sophiological approach Boris Jakim Thomas Allan Smith and Eerdmans deserve an immense debt of gratitude for providing a long awaited English translation of this pivotal work of the leading Russian Orthodox theologian of the twentieth century

Even more Smith's translation is careful nuanced and yet preeminently readable Western Christians and non Christians alike often see Orthodoxy as a fascinating exotic and mysterious form of Christianity The Burning Bush in Smith's translation helps the reader recognize both Orthodoxy's inner coherence and rationality and its rootedness in a profoundly sublime appreciation of creation's beauty and magnificence Smith's list of Bulgakov's sources is a simple yet indispensable tool for the scholarly reader This translation will serve us all well for decades to come Myroslaw Tataryn

The Burning of Moscow Alexander Mikaberidze, 2014-02-11 A comprehensive account of the fiery destruction of Moscow during the Napoleonic Wars and the Russians motives for starting the blaze As soon as Napoleon and his Grand Army entered Moscow on 14 September 1812 the capital erupted in flames that eventually engulfed and destroyed two thirds of the city The fiery devastation had a profound effect on the Grand Army but for thirty five days Napoleon stayed making increasingly desperate efforts to achieve peace with Russia Then in October almost surrounded by the Russians and with winter fast approaching he abandoned the capital and embarked on the long bitter retreat that destroyed his army The month long stay in Moscow was a pivotal moment in the war of 1812 the moment when the initiative swung towards the Tsar's armies and spelled doom for the invading Grand Army yet it has rarely been studied in the same depth as the other key events of the campaign Alexander Mikaberidze in this third volume of his in depth reassessment of the war between the French and Russian empires emphasizes the importance of the Moscow fire and shows how Russian intransigence sealed the fate of the French army He uses a vast array of French German Polish and Russian memoirs letters and diaries as well as archival material in order to tell the dramatic story of the Moscow fire Not only does he provide a comprehensive account of events looking at them from both the French and Russian points of view but he explores the Russians motives for leaving then burning their capital Using extensive eyewitness accounts he paints a vivid picture of the harsh reality of life in the remains of the occupied city and describes military operations around Moscow at this turning point in the campaign Praise for *The Burning of Moscow* Important Fascinating A book that you must read The Napoleonic Historical Society Although authored by an academic this book is written in an easy to read style without recourse to the overly academic language that can so often bore the reader Overall this title wholeheartedly deserves a five out of five star rating and should occupy a space in the library of anyone interested in the Napoleonic Wars Mark Simner author of *The Lion and the Dragon*

[The Burning Bush](#) Vladimir Solovyov, 2016-08-21 Vladimir Solovyov one of nineteenth century Russia's greatest Christian philosophers was renowned as the leading defender of Jewish civil rights in tsarist Russia in the 1880s *The Burning Bush* Writings on Jews and Judaism presents an annotated translation of Solovyov's complete oeuvre on the Jewish question elucidating his terminology and identifying his references to persons places and texts especially from biblical and rabbinic writings Many texts are provided

in English translation by Gregory Yuri Glazov for the first time including Solovyov's obituary for Joseph Rabinovitch a pioneer of modern Messianic Judaism and his letter in the London Times of 1890 advocating for greater Jewish civil rights in Russia printed alongside a similar petition by Cardinal Manning Glazov's introduction presents a summary of Solovyov's life explains how the texts in this collection were chosen and provides a survey of Russian Jewish history to help the reader understand the context and evaluate the significance of Solovyov's work In his extensive commentary in Part II which draws on key memoirs from family and friends Glazov paints a rich portrait of Solovyov's encounters with Jews and Judaism and of the religious philosophical ideas that he both brought to and derived from those encounters The Burning Bush explains why Jews posthumously accorded Solovyov the accolade of a righteous gentile and why his ecumenical hopes and struggles to reconcile Judaism and Christianity and persuade secular authorities to respect conscience and religious freedom still bear prophetic vitality The knight of the burning pestle, by F. Beaumont and J. Fletcher, ed. by F.W. Moorman Francis Beaumont, 1898
