Joshi, 1996-12-01 He was the premier writer of horror fiction in the first half of the 20th Century perhaps the major American practitioner of the art between the time of Edgar Allan Poe and Stephen King Born into an upper middle class family in Providence Rhode Island Howard Phillips Lovecraft 1890-1937 had a lonely childhood but read voraciously from his earliest years He soon became interested in science and astronomy and began penning stories poetry and essays in great profusion publishing them himself when no other market was available The advent of *Weird Tales* in 1923 gave him a small outlet for his work and he attracted a large number of followers with whom he exchanged literally tens of thousands of letters many of them quite lengthy A number of these young correspondents eventually became professional writers and editors themselves Lovecraft's fame began spreading beyond fandom with the publication of his first significant collection *The Outsider and Others* in 1939 two years after his untimely death Book jacket

The Forbidden Body Douglas E. Cowan, 2022-05-17 Throughout history the religious imagination has attempted to control nothing so much as our bodies what they are and what they mean what we do with them with whom and under what circumstances how they may be displayed or more commonly how they must be hidden Religious belief and mandate affect how our bodies are used in ritual practice as well as how we use them to identify and marginalize threatening religious Others This book examines how horror culture treats religious bodies that have stepped or been pushed out of their proper place Unlike most books on religion and horror This book explores the dark spaces where sex sexual representation and the sexual body come together with religious belief and scary stories Because these intersections of sex horror and the religious imagination force us to question the nature of consensus reality supernatural horror especially as it concerns the body often shows us the religious imagination at work in real time It is important to note that the discussion in this book is not limited either to horror cinema or to popular fiction but considers a wide range of material including literary horror weird fiction graphic storytelling visual arts participative culture and aspects of real world religious fear It is less concerned with horror as a genre which is mainly a function of marketing and more with the horror mode a way of storytelling that finds expression across a number of genres a variety of media and even blurs the boundary between fiction and non fiction This expanded
