## **The Battle Of Hurtgen Forest:**

The Battle Of The Huertgen Forest [Illustrated Edition] Charles Brown MacDonald, 2014-08-15 Includes the Siegfried Line Campaign Map Pack 19 maps and 81 photos A testament of the courage and endurance of our fighting men New York Times In September 1944 three months after the invasion of Normandy the Allied armies prepared to push the German forces back into their homeland Just south of the city of Aachen elements of the U S First Army began an advance through the imposing Huertgen Forest Instead of retreating as the Allied command anticipated the German troops prepared an elaborate defense of Huertgen resulting in a struggle where tanks infantry and artillery dueled at close range The battle for the forest ended abruptly in December when a sudden German offensive through the Ardennes to the south forced the Allied armies to fall back regroup and start their attack again this time culminating in the collapse of the Nazi regime in May 1945 In The Battle of the Huertgen Forest Charles B MacDonald assesses this major American operation discussing the opposing forces on the eve of the battle and offering a clearly written and well documented history of the battle and the bitter consequences of the American move into the forest Drawing on his own combat experience MacDonald portrays both the American and the German troops with empathy and convincingly demonstrates the flaws in the American strategy The book provides an insight into command decisions at both local and staff levels and the lessons that can be drawn from one of the bloodiest battles of World War II Charles B MacDonald was deputy chief historian of the Army Center of Military History He commanded a rifle platoon in World War II earning the Silver Star a Purple Heart and five battle stars He recorded his wartime experiences in Company Commander regarded as one of the finest World War II combat narratives Print Ed *The Battle of Hurtgen Forest* Charles Whiting, 2000 This text is an account of the battle of Hurtgen Forest on the German Belgian border in WW2 which ran from September 1944 to February 1945 Thirty thousand US soldiers were killed or wounded during this hellish battle *Battle Of Hurtgen Forest* Charles Whiting, 2000-11-22 The U S Army regards the Hurtgen Forest as one of the most desperate battles it has ever fought Flanking the key German city of Aachen the forest was one of the formidable natural barriers interspersed with German fortifications in the West Wall in September 1944 **The Battle of Hurtgen Forest** Charles Whiting, 1989 Recounts the longest battle of World War II argues that the campaign was ill conceived and describes the experiences of the soldiers fighting there **The Bloody Forest** Gerald Astor, 2010-06-02 The definitive account of one of World War II s bloodiest campaigns the five month battle between American and German forces in the Huertgen Forest told through the words of the men who were there From the preface In the course of research and interviews while writing a series of books on World War II I became increasingly aware of the campaign for the Huertgen Forest While survivors of other battles sometimes criticized the strategy and the orders they were given there was a depth of anger about the Huertgen that surpassed anything I had encountered elsewhere The unhappiness with what occurred and the absence of much objective coverage in the memoirs of those in the top command slots convinced me to produce this

history As I have reiterated in all of my books which rely heavily on oral or eyewitness reports there are always the dangers of flawed memory limited vantage points and the possibility of self interest in such accounts But the almost universal condemnation of their superiors critical decisions by individuals who were under fire in that green hell offers a cautionary note on the accuracy and the truths of histories that draw from the official documents and the personal papers of the likes of Dwight Eisenhower Omar Bradley Courtney Hodges who apparently left little in the way of records J Lawton Collins and others in similar positions Each new war differs from that of the past but to ignore what happened in the Hurtgen enhances the possibilities for another bitter victory if not a defeat *Summary of Charles Whiting's The Battle of Hurtgen Forest*

MacDonald,2018-04-06 An inspiring testament to American fighting men The New York Times On 19 September 1944 the Battle of the Huertgen Forest began This series of ferocious encounters on the Belgian German border would not end until three months later making it the longest single battle the U S Army has ever fought Over this contested fifty square mile area 120 000 American soldiers advanced against 80 000 battle hardened German troops Rugged terrain and atrocious weather slowed down the U S advance which was forced to combat heavily dug in German positions overcoming minefields barbed wire and booby traps hidden by the snow as they attempted to move forward Through the course of this bloody engagement the Allied forces suffered 24 000 battle casualties plus a further 9 000 victims of weather This carnage was closely equalled by massive Nazi casualties It is little wonder that this battle has gone down in history as one of the bitterest and most fruitless battles of World War II Charles MacDonald s vivid account of the battle is a remarkable book that uncovers how the conflict developed and progressed over its three month duration An extraordinarily lucid account of battle The Baltimore Sun In 1944 Charles MacDonald was a twenty one year old captain who commanded a rifle company in the 23rd Infantry Regiment He was awarded the Silver Star and the Purple Heart for his service through the course of the Second World War After the war he became Deputy Chief Historian for the United States Army and wrote a number of books on the history of World War Two The Battle of the Huertgen Forest was first published in 1963 and MacDonald passed away in 1990
