accept some of the multicultural claims about the importance of culture in shaping our actions and identities but that we should reach the opposite normative conclusion to that of multiculturalists and many liberals Rather than using the idea of social construction to justify cultural respect or protection we should use it to ground a critical stance toward cultural norms The book presents radical proposals for state action to promote sexual and cultural justice **Surrender's Edge** Pepper Espinoza,2021-07-03 Geoffrey Kirk has been in love with his best friend Nash since almost the moment they met Convinced that Nash would never return his feelings he forced himself to move on and fell for his assistant Sunny Despite his strong feelings he never acted on them and when he discovered Sunny and Nash together he thought he lost his chance for happiness forever Until Sunny and Nash make it clear he hasn't lost anything and he still has a great deal to gain

Jonathan A. Allan,Cristina Santos,Adriana Spahr,2016-11-15 Virginity is of concern here that is its utter messiness At once valuable and detrimental normative and deviant undesirable and enviable Virginity and its loss hold tremendous cultural significance For many female virginity is still a universally accepted condition something that is somehow bound to the hymen whereas male virginity is almost as elusive as the G spot we know it's there it's just we have a harder time finding it Of course boys are virgins queers are virgins some people reclaim their virginities and others reject virginity from the get go So what if we agree to forget the hymen all together Might we start to see the instability of terms like untouched pure or innocent Might we question the act of sex the very notion of relational sexuality After all for many people it is the sexual acts they don't do or don't want to do that carry the most abundant emotional clout Virgin Envy is a collection of essays that look past the vestal virgins and beyond Joan of Arc From medieval to present day literature the output of HBO Bollywood and the films of Abdellah Ta'a or Derek Jarman to the virginity testing of politically active women in Tahrir Square the writers here explore the concept of virginity in today's world to show that ultimately virginity is a site around which our most basic beliefs about sexuality are confronted and from which we can come to understand some of our most basic anxieties paranoias fears and desires **Philosophy in the Bedroom** Marquis de Sade,2025-07-17 Philosophy in the Bedroom by Marquis de Sade is a groundbreaking literary gem that intertwines the realms of eroticism and intellectual discourse This controversial piece penned in 1795 challenges the very fabric of societal norms and invites readers to explore the philosophical underpinnings of
