Defy Aging Beth Bennett, 2021-10-15 Shows why and how the body deteriorates as life goes on and offers an easy read overview of new solutions coming out of current studies of aging Wrinkles and gray hairs and misplaced keys the obvious signs of getting older Surprisingly all of the miniscule events in our cells and organs that are responsible for aging begin their deterioration in our third decade This book explains what is going on inside cells and organs that result in the outward appearances of aging Readers will discover what causes skin to sag hair

to turn gray blood vessels to stiffen and other mostly unwelcome events Finally and probably most importantly the reader will be introduced to what can be done to stop or reverse this process Beth Bennett provides an easy to read introduction to the science of aging why and how the body deteriorates She uses real world analogies to explain the chemical and cellular processes taking place in the body along with newly discovered solutions emerging from basic research labs Bennett explores the effects of aging in body systems that are important to all of us as we age skin muscle bone heart and brain In each of these body components Bennett connects novel science based interventions with lifestyle modifications that improve and extend health as opposed to simply lengthening life

The Winter Whale Jim Crumley, 2012-12-10 In late November 1893 a humpback whale as rare a sight in the North Sea then as it would be now followed herring shoals into the Tay estuary and travelled as far upstream as Dundee docks to linger in the home waters of the biggest whaling fleet in Britain and one of the biggest in Europe The whale became an instant celebrity known simply as the Monster but a handful of boats were launched to try and catch it The hunt was farcical protracted and ultimately grotesque the whale remained elusive for four weeks before towing six vessels out past the Bell Rock lighthouse All the lines parted in building seas and the whale escaped but it was mortally wounded and was found floating off Stonehaven on January 6 bristling with ironmongery After a public auction was held for the corpse the whale was hauled to Dundee The public was charged sixpence or a shilling to see it special trains were run from all over Angus Perthshire and Fife and for three shillings they could have their photograph taken sitting at a table inside the whale's propped open mouth The whale was immortalised by the poetry of William McGonagall and went on tour by train on a specially built cradle to Aberdeen Glasgow Liverpool Manchester London and Edinburgh before returning to Dundee Its skeleton was presented to Dundee Museum despite lucrative offers from big museums in London Europe and America The Winter Whale is a remarkable historical set piece a product of its time although even then public opinion was divided between glee and outrage pro whaler and pro whale
