A. DeCandido, Christie Golden, Robert Greenberger, Susan Wright, 2002-06-08 Created by the incalculably ancient Iconians whose transcendent technology is quantum levels beyond that of the Federation and its allies the Gateways offer instantaneous transport across unimaginable distances Throughout the known galaxy from Deep Space Nine to the New Frontier from the Delta Quadrant to the bridge of the Starship Enterprise the sudden reactivation of the Gateways has destabilized interstellar relations between planets and cultures previously separated by countless light years Starfleet's finest have coped with the crisis as best they can but circumstances have forced several valiant commanders to leap through separate Gateways into the unknown Captain James T Kirk of the original Starship Enterprise Captain Jean Luc Picard of Star Trek The Next Generation Colonel Kira Nerys of Deep Space Nine Captain Kathryn Janeway of the U S S Voyager Captains Calhoun and Shelby of Star Trek New Frontier Commander Nick Keller of the U S S Challenger All of these heroes for their own reasons have taken the ultimate gamble hurling themselves personally through a Gateway without any knowledge or forewarning of what lay beyond Each must face their own unique challenge struggling to find a way back to the ships and homes they left behind And waiting behind at least one of the Gateways are the ageless Iconians themselves the primordial architects of the mysterious portals causing chaos throughout the Milky Way galaxy Where did they disappear to many long eons ago and what do they want now The answer lies on the other side What Lay Beyond brings the Gateways saga to a spectacular finish in an all star collaboration by six popular bestselling Star Trek authors Among them Diane Carey Peter David Keith R A Decandido Christie Golden Robert Greenberger and Susan Wright have written dozens of Star Trek novels This is their first mega collaboration *The Book of Days* Robert Chambers, 2025-09-29 Reprint of the original first published in 1863 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *The Book with Seven Seals*, 1986 **Three Books of Occult Philosophy** Heinrich Cornelius Agrippa von Nettesheim, 1993 The Three

Books of Occult Philosophy's vast store of magical lore has been so influential that occultists have been drawing upon it for the past five centuries. This classic work was first published in 1531 and translated into English in 1651 but it has never since been reprinted in its entirety. Now for the first time in 500 years editor Donald Tyson presents these writings as Agrippa intended them to appear wholly complete and free from the hundreds of errors made in the original translation. The Three Books of Occult Philosophy is the most complete repository of pagan and Neo-platonic magic ever compiled. This book is packed with material you will not find elsewhere including copious extracts on magic from obscure or lost works by Pythagoras, Pliny the Elder, Cicero, Ptolemy, Plato, Aristotle, and many other authorities. Donald Tyson's detailed annotations clarify difficult references and provide origins of quotations even expanding upon them in many cases in order to make Agrippa's work more accessible to the modern reader. As well as providing extensive insight into the foundations of the Western Esoteric tradition, the Three Books of Occult Philosophy is the ultimate how-to for magical workings. It describes how to work all manner of divinations and natural and ceremonial magic in such clear and useful detail that it is still the guide for modern techniques. And the extensive supplementary material including biographical and geographical dictionaries and appendices provides quick reference to many previously obscure matters in classical magic. The Three Books of Occult Philosophy is an essential reference tool for all students of the history of ideas and the occult tradition.

back cover The Treasury of Knowledge, Book Seven and Book Eight, Parts One and Two Jamgon Kongtrul Lodro Taye, 2013-01-08 Jamgon Kongtrul's ten-volume Treasury of Knowledge is a unique encyclopedic masterpiece embodying the entire range of Buddhist teachings as they were preserved in Tibet. Tibetan Buddhist teachers expected their students to study Buddhist philosophical texts as well as practice reflection and meditation. Present-day students have also realized that awakening has its source in study as well as in reflection and practice. Foundations of Buddhist Study and Practice comprises Book Seven and Book Eight, Parts One and Two of the Treasury of Knowledge. Book Seven elucidates the various keys needed to correctly interpret, understand, and contemplate Buddhist teachings, including the secret teachings of the Vajrayana. Parts One and Two of Book Eight explain how the teachings are to be integrated into one's life through the practice of meditation, which unites a state of one-pointed attention with profound insight into emptiness. Jamgon Kongtrul's evenhanded, elegant, and authoritative statement of such controversial doctrines as unqualified emptiness, self-empty, and qualified emptiness, other-empty, provisional and definitive meaning, and conventional and ultimate truth as presented in the various schools of Tibetan Buddhism will appeal to both serious Dharma practitioners and advanced students and scholars.

Nietzsche's Epic of the Soul T. K. Seung, 2005-01-01 The author deciphers Nietzsche's most enigmatic work as Zarathustra's epic campaign to save secular culture from degradation in the godless world. In this epic reading, the ostensibly atheistic work turns out to be a profound religious text. This revelation is breathtaking and edifying.
