

A black and white photograph of a prison corridor. The corridor is long and narrow, with a high ceiling and a tiled floor. On the right side, there are several cell doors with barred windows. On the left side, there is a metal railing. In the distance, a person is walking away from the camera down the center of the corridor. The lighting is dramatic, with strong shadows and highlights.

Here she tells the story and describes how she battled mental health issues and recovered to fulfil her dream of becoming a writer.

Romania and the Holocaust Simon Geissbühler, 2016-10-11 From summer 1941 onwards Romania actively pursued at its own initiative the mass killing of Jews in the territories it controlled. 1941 saw 13 000 Jewish residents of the Romanian city of Iași killed, the extermination of thousands of Jews in Northern Bukovina and Bessarabia by Romanian armed forces and local people, large scale deportations of Jews to the camps and ghettos of Transnistria and massacres in and around Odessa. Overall more than 300 000 Jews of Romanian and Soviet or Ukrainian origin were murdered in Romanian controlled territories during the Second World War. In this volume a number of renowned experts shed light on the events, the contexts and the aftermath of this under-researched and lesser known dimension of the Holocaust. 75 years on this book gives a much needed impetus to research on the Holocaust in Romania and Romanian controlled territories.

Hitler's People Richard J Evans, 2024-08-13 Named a Best Book of the Year by Kirkus Reviews and Air Mail. A fascinating and instructive book elegantly written and perceptive. Wall Street Journal Kaleidoscopic. A fascinating exploration of individual agency that never loses sight of the larger context. Just the kind of probing, nuanced and unsparing study to help us think things through. The New York Times. Through a connected set of biographical portraits of key Nazi figures that follows power as it radiated out from Hitler to the inner and outer circles of the regime's leadership, one of our greatest historians answers the enduring question: how does a society come to carry out a program of unspeakable evil? Richard Evans, author of the acclaimed *The Third Reich Trilogy* and over two dozen other volumes on modern Europe, is our preeminent scholar of Nazi Germany. Having spent half a century searching for the truths behind one of the most horrifying episodes in human history, in *Hitler's People* he brings us back to the original site of the Nazi movement: namely the lives of its most important members. Working in concentric circles out from Hitler and his closest allies, Evans forms a typological framework of Germany's society under Nazi rule from the top down. With a novelist's eye for detail, Evans explains the Third Reich through the personal failings and professional ambitions of its members, from its most notorious deputies like Goebbels, the regime's propagandist, and Himmler, the Holocaust's chief architect, to the crucial enforcers and instruments of the Nazi agenda that history has largely forgotten, like the schoolteacher Julius Streicher and the actress Leni Riefenstahl. Drawing on a wealth of recently unearthed historical sources, *Hitler's People* lays bare the inner and outer lives of the characters whose

choices led to the deaths of millions Nearly a century after Hitler's rise the leading nations of the West are once again being torn apart by a will to power By telling the stories of these infamous lives as human lives Evans asks us to grapple with the complicated nature of complicity showing us that the distinctions between individual and collective responsibility and even between pathological evil and rational choice are never easily drawn The Diaries of Tchaikovsky Peter Ilich Tchaikovsky,1945 *Moravian Mission Diaries of David Zeisberger* Hermann Wellenreuther,Carola Wessel,2010-11-01

Lacework or Mirror? Diary Poetics of Frances Burney, Dorothy Wordsworth and Mary Shelley Magdalena Ożarska, 2014-01-08 Lacework or Mirror Diary Poetics of Frances Burney Dorothy Wordsworth and Mary Shelley sets out to determine whether each of the diaries by three female writers namely Frances Burney Dorothy Wordsworth and Mary Shelley approximates the Philippe Lejeunean concept of the diary as lacework or the more sweeping view typical of the broadly conceived autobiography which Georges Gusdorf famously likened to the mirror The author explores Burney's Wordsworth's and Shelley's attempts at concealing the gaps between their narrating and narrated I's as well as examining their diary lacunae especially helpful for illustrating the gradual emergence of the diarists individual selves Broader issues connected with diary poetics such as the use of metaphors and symbols the degree of reliance on dialogue and ensuing narrativity down to handling the past by means of anachronous eccentricities are also subject to examination The study is based on the assumption that the journal is a literary genre which can be investigated with tools routinely used for the examination of literary texts Yet beyond the issues of literariness in accordance with Philippe Lejeune's dictum the three journals reveal the writers diaristic practices In fact it seems that issues of the journal genre and the journal practice cannot be divorced and neither can their lacework and mirror aspects *Closer and Closer Apart* Rosemary H. Lloyd, 2019-05-15 Envy Rosemary Lloyd says involves what one would like to have but does not jealousy what one has but fears losing Lloyd demonstrates in *Closer and Closer Apart* how the passion unleashed by jealousy can illuminate such concepts as self and other gender and society Jealousy in her view exerts a powerful attraction in literature partly because it distorts the individual's perceptions of the other in highly productive ways and partly because it serves as paradigms for reading and for storytelling In this accessible and elegantly crafted book Lloyd explores sexual jealousy more as a literary device than as a literary theme She draws her examples from novels plays and poetry spanning many years and from many countries mainly nineteenth and twentieth century France and England but also Russia Poland Germany Italy the United States Canada and Australia Among the writers she treats are Proust Tolstoy Dostoyevsky Charlotte Brontë Trollope Barthes and Baudelaire After discussing various portraits of the jealous lover Lloyd asks to what extent the literary experience of jealousy has been colored by conventional images of male and female roles She also examines the ways in which the jealous lover deals with the other whether beloved or rival Finally she looks at jealousy as a desire for control represented through images of incorporation and possession

Women Writing Across Cultures Pelagia Goulimari, 2018-10-22 This collection brings together an international multicultural multilingual and multidisciplinary community of scholars and practitioners in different media seeking to question and re-theorize the contested terms of our title woman writing women's writing and across Culture is translated into an open series of interconnected terms and questions How might one write across national

cultures or across a national and a minority culture or across disciplines genres and media or across synchronic discourses that are unequal in power or across present and past discourses or present and future discourses The collection explores and develops recent feminist queer and transgender theory and criticism and also aesthetic practice Writing across assumes a number of orientations posthumanist transtemporal transnationalist writing across discourses disciplines media genres genders writing across pronouns he she they writing across literature non literary texts and life This book was originally published as a special issue of *Angelaki Journal of the Theoretical Humanities* *Eisenhower* Louis Galambos,2020-08-04

Highly accessible and sprightly written Library Journal Winner of the Kansas State Library's Kansas Notable Book Award In this engaging fast paced biography Louis Galambos follows the career of Dwight D Ike Eisenhower offering new insight into this singular man who guided America toward consensus at home and a peaceful victory in the Cold War The longtime editor of the Eisenhower papers Galambos may know more about this president than anyone alive In this compelling book he explores the shifts in Eisenhower's identity and reputation over his lifetime and explains how he developed his distinctive leadership skills As a career military officer Eisenhower's progress was uneven Galambos shows how Ike with the help of Brigadier General Fox Conner his mentor and patron learned how to profit from his mistakes pivot quickly and grow as a military and civilian leader On D Day Eisenhower guided the largest amphibious force in history to a successful invasion of France and a decisive victory After the defeat of Nazi Germany he turned to politics and was elected president in 1952 While today's fiercely partisan political climate makes it difficult to imagine a president forging consensus in Washington that's exactly what Eisenhower did As America's leader in an era of profound postwar changes at home and abroad President Eisenhower sought a middle way with compromise and coalition building He provided his country with firm handed leadership bringing prosperity and peace to the American people in the dangerous years of the Cold War an accomplishment that made him one of the most influential men of the twentieth century Destined to be the best short biography of the thirty fourth president of the United States Eisenhower conclusively demonstrates how and why this master of the middle way became the successful leader of the free world *Carol Shields and the Writer-Critic* Brenda Beckman-Long,2016-01-27

Throughout her literary and critical career Canadian writer Carol Shields 1935-2003 resisted simple categorization Her novels are elegant puzzles that confront the reader with the ambiguity of meaning and narrative yet their position within Shields' critical feminist project has until now been obscured In *Carol Shields and the Writer-Critic* Brenda Beckman Long illuminates that project through the study of Shields' extensive oeuvre including her fiction and criticism Beckman Long brings depth to her analysis through close readings of six novels including the award winning *The Stone Diaries* Elliptical open ended and concerned with women writing about women these novels reveal Shields' critique of dominant masculine discourses and her deep engagement with the long tradition of women's life writing Beckman Long's original archival research attests to Shields' preoccupation with the changing efforts of waves of feminist activism and writing A much needed

reappraisal of Shields's innovative work Carol Shields and the Writer Critic contributes to the scholarship on life writing and autobiography literary criticism and feminist and critical theory *Research Methods in the Social Sciences* Bridget Somekh, Cathy Lewin, 2005 In this book the contributors introduce all the key qualitative and quantitative research methodologies and methods and draw readers into a community of researchers engaged in reflection on the research process

Principles of Research Design in the Social Sciences Frank Bechhofer, Lindsay Paterson, 2012-12-06 This practical introduction for first time researchers provides a bridge between how to conduct research and the philosophy of social science allowing students to relate what they are doing to why It does not provide a set of rigid recipes for social scientists as many methodology books do rather it stimulates students to think about the issues involved when deciding upon their research design By discussing standard approaches to research design and method in various social science disciplines the authors illustrate why particular designs have traditionally predominated in certain areas of study But whilst they acknowledge the strengths of these standard approaches their emphasis is on helping researchers find the most effective solution to their problem by encouraging them through this familiarity with the principles of various approaches to innovate where appropriate This text will prove indispensable for social science students of all levels embarking upon a research project and for experienced researchers looking for a fresh perspective on their object of study **Missed and Dismissed**

Diary writing has often been relegated to the fringes of literary studies as a marginal cultural activity This volume seeks to challenge that marginality by exploring some of the wide ranging forms of literary practice encompassed by diary writing in Europe from the Renaissance to the present day The volume deals with questions of the value and status of the diary of the functioning of the diary in society and history and of the reception and interpretation of the multifarious forms of first person daily writing The volume investigates diaries across national borders and linguistic boundaries so as to make the hitherto marginal place of the private journal a site of fruitful interdisciplinary encounters Australian British Catalan French

German and Italian critics examine diaries dating from the sixteenth to the twentieth century within the context of the literature history and literary history of Catalonia England France Germany and Italy A prime concern of the essays in this collection is to highlight the cultural generic and historical diversity of the diary while emphasising the points of convergence between different texts and differing critical approaches to the texts The volume will be of interest to students and teachers of European and comparative literature
