I Was Gone Long Before I Left Peter C. Wilcox, 2020-09-15 In St Teresa of Avila's classic spiritual book Interior Castle she describes a difficult period of time in her spiritual journey when she said When I think of myself I feel like a bird with a broken wing When I left the monastery thirty eight years ago this was exactly how I felt I Was Gone Long Before I Left is the story about my interior struggle to leave the monastery after living this lifestyle for over twenty five years It explores the reasons why I went to the monastery why I stayed why I eventually left and what I have learned Maybe more importantly it describes the many years of mental anguish confusion and depression that I went through to finally make this decision It has brought back many painful memories and experiences and called for an honesty and vulnerability that I found daunting For over thirty eight years I have been unable to write about my experience of life in the monastery because I felt ashamed For years I thought about leaving but couldn't make this decision because I felt paralyzed psychologically and emotionally Now after all these years I have found the courage to share my story

Bosch,2011 David Bosch s Transforming Mission now available in over a dozen languages is widely recognized as an historic and magisterial contribution to the study of mission Examining the entire sweep of Christian tradition he shows how five paradigms have historically encapsulated the Christian understanding of mission and then outlines the characteristics of an emerging postmodern paradigm dialectically linking the transcendent and imminent dimensions of salvation In this new anniversary edition Darrel Guder and Martin Reppenhagen explore the impact of Bosch s work and the unfolding application of his seminal vision *Plastic Glasses and Church Fathers* David B. Hendrick Park, 2012 Today there is a pervasive indifference to the question What is the Christianity This is a serious situation because there are numerous false or only partly false or only partly true and partly false versions of Christianity in the world This indifference is also an indication of one s indifference to the God A person cannot be indifferent to the God Who holds his future in His hands and has power to

determine his ultimate destiny and about the true religion that God has revealed for mankind The author of this book believes that neither the Roman Catholic Church nor the current Protestant Churches are the true church that represents the True Christianity although the Protestant denominations are truer to the Christianity of the New Testament than the Catholic Church The renowned Catholic theologian Hans Kueng pointed out the deplorable problems of the catholic Church and called for the reform of the Church in his book *The Roman Catholic Church* 2001 The True religion of God must be preserved intact and this preservation is the greatest duty of the Christians and the church to God According to prophets of God Justice and Mercy and the pure preservation of the True religion of God are the two main concerns of God and God laments the gullibility and blind submission of people to wicked religious leaders The author of this book is a retired minister of the United Church of Canada and holds a Th D from the University of Toronto In 2008 he published *The Roman Catholic Church A Critical Appraisal* through the Xulon Press

History of the Church through the Ages Robert H. Brumback, 2007-02-21 *The View from the Border* John Kotre, 2017-07-28 In this unique psychological study John Kotre provides some startling answers to the questions Catholics are now asking about those who abandon the church those who remain in it and those who attempt to create a new church within the church A detailed examination of the borderline between membership and ex membership in the Catholic Church as perceived by young adults reared within the Catholic educational system the book provides an impressive substantive contribution to understanding not only of the modern church but of organizational change in general Kotre himself a product of the Catholic educational system positions himself amid the tension and ambiguity between those who consider themselves in and those who consider themselves out of the Catholic Church He designed a systematic questionnaire covering four hundred variables about each subject s beliefs values perceptions of parents and reasons for being an insider or an outsider Using this questionnaire he individually interviewed one hundred graduates of Catholic colleges The surprising results of this important research show that in spite of sixteen years of formal Catholic education the attitudes of both the ins and the outs are not influenced by their Catholic upbringing so much as by their primary group relationships Recent research has shown that adult Americans are leaving their childhood faiths at ever increasing rates and that the Catholic Church is suffering the greatest losses Kotre s book offers an insightful psychological perspective on this dramatic movement It is a must read for professional psychologists and sociologists theologians and people interested in the psychology and sociology of religion
