## **Uukzn Form 2014:**

**ICT-Based Assessment, Methods, and Programs in Tertiary Education** Meri Yilan, Serpil, Koruyan, Kasim, 2020-04-17 The use of information and communication technologies ICTs in education has revolutionized learning Shifting beyond traditional mode of education the integration of ICTs has become an advantage for students at tertiary education when used for the right purpose to enhance learning The use of technology brings forth a flexible and accessible mode of education and bridges the gap of learning across borders This enables students at tertiary level to have access to other universities and academic resource materials globally thereby expanding their knowledge Thus it is crucial to consider the development of technology in education as part of a comprehensive pedagogical framework and take into account new developments in ICTs ICT Based Assessment Methods and Programs in Tertiary Education is an essential research publication that provides relevant theoretical frameworks and recent empirical research findings on integrating ICTs in tertiary education to enhance learning and allow students to take more control of their learning Highlighting topics such as assessment language learning and e learning this book is ideal for teachers professionals academicians researchers administrators curriculum designers instructional designers and students

**Higher Education Pathways** Paul Ashwin, M. Case, 2018-12-13 In what ways does access to undergraduate education have a transformative impact on people and societies What conditions are required for this impact to occur What are the pathways from an undergraduate education to the public good including inclusive economic development These questions have particular resonance in the South African higher education context which is attempting to tackle the challenges of widening access and improving completion rates in a system in which the segregations of the apartheid years are still apparent Higher education is recognised in core legislation as having a distinctive and crucial role in building post apartheid society Undergraduate education is seen as central to addressing skills shortages in South Africa It is also seen to yield significant social returns including a consistent positive impact on societal institutions and the development of a range of capabilities that have public as well as private benefits This book offers comprehensive contemporary evidence that allows for a fresh engagement with these pressing issues

*The Agonistic City?* Li Pernegger, 2020-11-26 This book combines an innovative approach to the investigation of state society relations with a rich account of Johannesburg's contested governance Its depth and insight will be valued by scholars of Urban Studies Politics and Planning Glyn Williams University of Sheffield Writing with both intellectual and practical conviction Li Pernegger's insights into the deeply political and at times violent struggles over services in post apartheid Johannesburg is sensitive and nuanced not least because of her command of how government works at the city scale Susan Parnell University of Bristol

*A History of the Present* Ashwin Desai, Goolam Vahed, 2019-09-12 Through the long 20th century Indian South Africans lived under the whip of settler colonialism and white minority rule which saw the passing of a slew of legislation that circumscribed their freedom of movement threatened repatriation and denied them citizenship all the

while herding them into racially segregated townships This volume chronicles the broad outlines of this history Taking the story into the present it provides an analysis of how Indian South Africans have responded to changes wrought by the remarkable collapse of apartheid and the holding of the first democratic elections in 1994 Drawing upon archival records in depth interviews and ethnography this study examines the ways in which Indian South Africans define themselves and the world around them and how they are defined by others It tells of the incredible journey of Indian South Africans many of whom are fourth and fifth generation towards being recognized as citizens in the land of their birth and how while often attracted by and seeking to explore their roots in India they continue to dig deeper roots in African soil      **Refractive**

**Realisms** Megan Jones,2025-03-27 Refractive Realisms positions the township as a lens through which to engage the South African canon endeavouring to provide a reorientation towards a black creative archive and surfacing under represented forms of literary and cultural expression The book converses with the long history of realism in black South African writing to show how the refractive realisms of the contemporary township simultaneously bear witness to precarity and articulate lively diversity It brings together narratives that take the reader through persuasive depictions of township life and its flexible identities the failures of post apartheid the possibilities that emerge from the ruins of historical injustice the practices of commodity consumption and the limits of race and gender discourses that align with non belonging to township spaces An incisive read on the literary and cultural forms of the twenty first century South African township this book will be of great interest to scholars and researchers of literary studies identity politics cultural studies ethnicity and race sociology and African Studies      *ICMLG2014 Proceedings of the 2nd International Conference on Management, Leadership and Governance*
