Trzebiatowska,2016-04-01 Religion lies near the heart of the classical sociological tradition yet it no longer occupies the same place within the contemporary sociological enterprise This relative absence has left sociology under prepared for thinking about religion s continuing importance in new issues movements and events in the twenty first century This book seeks to address this lacunae by offering a variety of theoretical perspectives on the study of religion that bridge the gap between mainstream concerns of sociologists and the sociology of religion Following an assessment of the current state of the field the authors develop an emerging critical perspective within the sociology of religion with particular focus on the importance of historical background Re assessing the themes of aesthetics listening and different degrees of spiritual self discipline the authors draw on ethnographic studies of religious involvement in Norway and the UK They highlight the importance of power in the sociology of religion with help from Pierre Bourdieu Marx and Critical Discourse Analysis This book points to emerging currents in the field and offers a productive and lively way forward not just for sociological theory of religion but for the sociology of religion more generally **Religion Matters** William A. Mirola,Michael O.

Emerson,Susanne C Monahan,2016-01-08 Religion Matters What Sociology Teaches Us About Religion in Our World is organized around the biggest questions that arise in the field of sociology of religion This is a new text for the sociology of religion course Instead of surveying this field systematically the text focuses on the major questions that generate the most discussion and debate in the sociology of religion field *The Science of Religion and the Sociology of Knowledge* Ninian Smart,1977

An Introduction to the Sociology of Religion Inger Furseth,Pål Repstad,2023-09-05 What are religion and nonreligion How do fundamentalism and religious radicalization emerge and grow How do social class gender sexuality race ethnicity and other factors affect religious beliefs practices and organizations Is religion a fundamental driving force or do political leaders use religion for their own purposes In exploring these pertinent questions An Introduction to the Sociology of Religion provides an overview of sociological theories of contemporary religious life Theoretical discussion is accompanied by presentations of empirical research from several religious traditions in many parts of the world The sociology of religion is linked closely to developments in general sociology Some chapters are organized according to topic while others offer brief presentations of classical and contemporary sociologists from Karl Marx to Patricia Hill Collins and their perspectives on social life including on religion This second edition has been thoroughly updated throughout with new chapters on religion and social inequalities social and religious movements and extremism Covering classical sociology of religion as well as contemporary debates and topics this book is ideal reading for students approaching the sociology of religion for the first time *The Sociology of Religion* Grace Davie,2013-01-15 Why is religion still important Can we be fully modern and fully religious In this new edition Davie follows up her discussion of the meaning of religion in modern society and considers how best to research and understand this relationship Exploring the rapid movements within the sociology of religion today this revised and updated book Describes the origins of the sociology of religion Demystifies secularization as a

process and a theory Relates religion to modern social theory Unpacks the meaning of religion in relation to modernity and globalization Grasps the methodological challenges in the field Provides a comparative perspective for religions in the west Introduces questions of minorities and margins Sets out a critical agenda for debate and research The Sociology of Religion has already proved itself as one of the most important titles within the field this edition will ensure that it remains an indispensable resource for students and researchers alike **Religion and Knowledge** Elisabeth Arweck,2016-04-15

Religions have always been associated with particular forms of knowledge often knowledge accorded special significance and sometimes knowledge at odds with prevailing understandings of truth and authority in wider society New religious movements emerge on the basis of reformulated often controversial understandings of how the world works and where ultimate meaning can be found Governments have risen and fallen on the basis of such differences and global conflict has raged around competing claims about the origins and content of religious truth Such concerns give rise to recurrent questions faced by academics governments and the general public How do we treat statements made by religious groups and on what basis are they made What authorities lie behind religious claims to truth How can competing claims about knowledge be resolved Are there instances when it is appropriate to police religious knowledge claims or restrict their public expression This book addresses the relationship between religion and knowledge from a sociological perspective taking both religion and knowledge as phenomena located within ever changing social contexts It builds on historical foundations but offers a distinctive focus on the changing status of religious phenomena at the turn of the twenty first century Including critical engagement with live debates about intelligent design and the new atheism this collection of essays brings recent research on religious movements into conversation with debates about socialisation reflexivity and the changing capacity of social institutions to shape human identities Contributors examine religion as an institutional context for the production of knowledge as a form of knowledge to be transmitted or conveyed and as a social field in which controversies about knowledge emerge *Sociology of Religion* Kevin J. Christiano,William H. Swatos, Jr.,Peter Kivisto,2015-10-15 This third edition of Sociology of Religion introduces students to key principles in the sociological understanding of religion with revisions and updates throughout The book offers an overview of the nature and function of religious institutions and practices asking sociological questions about the changing role of religion in today s post traditional world After an introduction to the many facets of religion and key theories for its study the book examines central themes such as changes in religious life in the United States the intersections between religion social class and power and between gender sexuality and religion globalization and religion religion in mass media and more The third edition features new material on the relationship of race and ethnicity to religion the perceived rises of both secularism and fundamentalism and the role of religion in public debates on sexuality Sociology of Religion addresses both the foundations of the field and the profound changes it has undergone placing new examples against their historical background Charts photos down to earth examples

and a readable style make the book an ideal introduction for students

Handbook of the Sociology of Religion Michele Dillon, 2003-08-18 Religion is a critical construct for understanding contemporary social life. It illuminates the everyday experiences and practices of many individuals; is a significant component of diverse institutional processes including politics, gender relations, and socioeconomic inequality; and plays a vital role in public culture and social change. This handbook showcases current research and thinking in the sociology of religion. The contributors, all active writers and researchers in the area, provide original chapters focusing on select aspects of their own engagement with the field. Aimed at students and scholars who want to know more about the sociology of religion, this handbook also provides a resource for sociologists in general by integrating broader questions of sociology, e.g., demography, ethnicity, life course, inequality, political sociology, into the analysis of religion. Broadly inclusive of traditional research topics (modernity, secularization, politics) as well as newer interests (feminism, spirituality, faith-based community action), this handbook illustrates the validity of diverse theoretical perspectives and research designs to understanding the multilayered nature of religion as a sociological phenomenon.

The Oxford Handbook of the Sociology of Religion Peter Clarke, 2011-02-04 The Oxford Handbook of the Sociology of Religion draws on the expertise of an international team of scholars providing both an entry point into the sociological study and understanding of religion and an in-depth survey into its changing forms and content in the contemporary world. The role and impact of religion and spirituality on the politics, culture, education, and health in the modern world is rigorously discussed and debated. The study of the sociology of religion forges interdisciplinary links to explore aspects of continuity and change in the contemporary interface between society and religion. Using a combination of theoretical, methodological, and content-led approaches, the fifty-seven contributors collectively emphasise the complex relationships between religion and aspects of life from scientific research to law, ecology to art, music to cognitive science, crime to institutional health care, and more. The developing character of religion, irreligion, and atheism, and the impact of religious diversity on social cohesion are explored. An overview of current scholarship in the field is provided in each themed chapter with an emphasis on encouraging new thinking and reflection on familiar and emergent themes to stimulate further debate and scholarship. The resulting essay collection provides an invaluable resource for research and teaching in this diverse discipline.

The Invisible Religion

Thomas Luckmann, 2022 A modern classic of social science, this book addresses the question of whether Western societies are becoming secular as they modernize, arguing that rather than a decline of religion, we are witnessing a shift from an older Church-centered form to another invisible and still largely unexplored form of religion.

Religion Matters William A. Mirola, Michael O. Emerson, Susanne C. Monahan, 2022-10-19 Religion Matters: How Sociology Helps Us Understand Religion in Our World focuses on religion's interplay with broader society, introducing students to the basic questions, ideas, and methods with which sociologists have analyzed the relationship between religion and society. Since the first edition, religion as a social force has changed dramatically in its content and consequences for the world. In this new edition, the authors

update the foundational lenses used to understand religion's multiple roles in society assess the impact of technology and social media on religion and faith draw further reflection from contemporary studies of religion and gender and add a new chapter examining the increasing amount of religious polarization in the United States and throughout the world With new illustrations and connections that make this readable textbook more accessible and relevant for today's student the second edition of Religion Matters remains a perfect counterpart for introductory courses concerned with the sociological study of religion

The Scientific Study of Religion John Milton Yinger, 1970 The scientific study of religion must be simultaneously anthropological psychological and sociological dealing with the individual forces the cultural systems and the social structures that in interaction shape religion and are shaped by it The aim of this book is to establish a frame of reference that expresses this judgment and a method of study appropriate to it that the reader can carry with him as he explores questions of interest to him Del editor

Religion in Sociological Perspective Charles Y. Glock, 1973 From the Research Program in Religion and Society Survey Research Center University of California Berkeley Includes bibliographical references
