Blum, 2013 Media competes with public schools in terms of student engagement and time However the two needn't be mutually exclusive The Pedagogy of Pop Theoretical and Practical Strategies for Success discusses a variety of strategies and approaches for using social and mass media as tools through which teachers might improve schooling While there is a vast body of literature in this field editors Edward A Janak and Denise Blum have created a text which differs in two substantive ways scope and sequence In terms of scope this work is unique in two facets
