Pedro Pan and the Exodus of Cuba's Children Deborah Shnookal, 2022-06-28 This in depth examination of one of the most controversial episodes in U S Cuba relations sheds new light on the program that airlifted 14 000 unaccompanied children to the United States in the wake of the Cuban Revolution Operation Pedro Pan is often remembered within the U S as an urgent rescue mission but Deborah Shnookal points out that a multitude of complex factors drove the exodus including Cold War propaganda and the Catholic Church s opposition to the island s new government Shnookal illustrates how and why Cold War scare tactics were so effective in setting the airlift in motion focusing on their context the rapid and profound social changes unleashed by the 1959 Revolution including the mobilization of 100 000 Cuban teenagers in the 1961 national literacy campaign Other reforms made by the revolutionary government affected women education religious schools and relations within the family and between the races Shnookal exposes how in its effort to undermine support for the revolution the U S government manipulated the aspirations and insecurities of more affluent Cubans She traces the parallel stories of the young Pedro Pans separated from their families in some cases indefinitely in what is often regarded in Cuba as a mass kidnapping and the children who stayed and joined the literacy brigades These divergent journeys reveal many underlying issues in the historically fraught relationship between the U S and Cuba and much about the profound social revolution that took place on the island after 1959 Publication of the paperback edition made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities

International Notices to Airmen ,1978 **National Literacy Campaigns and Movements** Jose Carlos Chiaramonte,2017-09-08 Major campaigns to raise levels of literacy have taken place for centuries and share many common elements But despite literary campaigns spanning over five decades 860 million adults still lack minimal ability to read write and calculate Why is literacy of such great importance and why have so many years of campaigning for it not been successful in fully overcoming this obstacle National Literacy Campaigns and Movements explores these questions by examining campaigns in vastly different societies from a historical and comparative perspective The volume focuses on literacy movements from the past including those of Reformation Germany early modern Sweden and Scotland nineteenth century

United States nineteenth and early twentieth century Russia and the Soviet Union pre Revolutionary and Revolutionary China and Tanzania Cuba Nicaragua and India Contributors analyze literacy goals and outcomes in specific contexts The editors distinguish quantitative and qualitative dimensions of literacy activities such as the difference between the spread of literacy and patterns of its use The common enterprise of this book is to expand upon the contributors previous research to include a comparative dimension This book offers the first systematic attempt to examine critically and comparatively the concepts and facts of large scale literacy campaigns in more than a dozen societies over nearly five hundred years It offers a valuable historical lesson not only for historians but also for educators that instead of concentrating only on the recent period we should use the vast and complex history of literacy movements to shed understanding on the present and future of literacy A major new introduction to this edition asserts recent literary campaigns and the lessons provided by their success and failures It also describes how the focus of some movements has evolved **The Morning After** Victor Franco,1963
