Present-day climate conditions imposed that conditions on early, dry-bake ceramic vessels. Experiments have demonstrated that clay vessels containing water, heated over an open flame, if the early vessels existed, the clay vessels that they used, would have been destroyed. Thus, if the early vessels existed, they would have been destroyed by the very conditions that they were used in. This is a logical conclusion, and it is a logical conclusion that the early vessels did not exist.

***Working capital:** working capital is liquid assets, as opposed to fixed assets. The working capital is the difference between current assets and current liabilities.
