Corruption, Sustainable Development and Security Challenges in Africa Kempe Ronald Hope, Sr.,2023-09-07 This book sheds light on Africa s development performance and dynamics arising from the interface between corruption and sustainable development on the one hand and the challenges that poses for peace security and stability

Corruption also contributes to the spread of terrorism and violent extremism Pervasive corruption networks often include politicians civil servants working at all levels of state institutions representatives of the private sector and members of crime syndicates The consequences of corruption are detrimental in many aspects such as undermining governments ability to serve public interests and eroding public trust in democratic processes Presenting empirical evidence the book explains why corruption and the looting of staggering amounts of national assets undermine the achievement of the Sustainable Development Goals SDGs and has a negative impact on peace stability security the rule of law gender equality the environment and human rights This makes the book a must read for students researchers and scholars of political science international relations and economics in general as well as African studies development studies and security sector studies in particular covering issues and themes on corruption governance socio economic sustainable development public administration and management policing in an international context police reform and security sector reform It will also serve as a helpful resource for policy makers interested in a better understanding of the connection between corruption sustainable development and security challenges in Sub Saharan Africa

The Service Sector and Economic Development in Africa Evelyn F. Wamboye, Peter Nyaronga, 2018-09-04 The service sector accounts for a huge proportion of global employment and is the biggest driver of gross domestic product in developing nations Yet there has been little research uncovering its scope potential and implications on sustained and inclusive economic growth This is especially true for Africa which has seen a strong growth trajectory in recent years This book presents a new frontier of research offering insightful perspectives on the 21st century realities of the service sector and its effect on economic development in Africa The analysis presented here will be of relevance to academics and policymakers with an interest in Africa s role in the global economy

Quotas - Data Update and Simulations International Monetary Fund. Finance Dept., International Monetary Fund. Statistics Dept., 2016-09-08 The quota database has been updated by one year through 2014 Overall the results of the update continue the broad trends observed in previous updates but the shifts between the main country groups are generally smaller Using the current quota formula the calculated quota share of Emerging Market and Developing Countries EMDCs as a group increases by 0.6 percentage points relative to the 2015 update to 49.3 percent which is about half the increase in the last update The paper takes stock of recent discussions on the quota formula including the outcome of the Quota Formula Review in 2013 and subsequent discussions in the context of the annual quota data updates It also updates the illustrative simulations of possible reforms of the quota formula presented previously using the latest data These simulations have sought to capture possible reforms that would be broadly in line with the conclusions of the Quota Formula Review and Directors guidance is sought on the relative merits of these reforms and the most productive areas for future work Download Quota Data Updated IMF Quota Formula Variables September 2016
