

The background of the entire image is a cinematic scene. It shows a path or road that curves through a forest. The trees on the right have vibrant autumn foliage in shades of orange, yellow, and red. The trees on the left are mostly bare, with dark, skeletal branches against a pale, overcast sky. In the lower center of the frame, a zombie is seen from behind, walking away from the viewer. Further down the path, a lone figure is walking away, their back to the camera. The overall atmosphere is dark and ominous, typical of a horror or zombie-themed setting.

**Dharma of the Dead** Christopher M. Moreman,2018-07-13

With the increased popularity of zombies in recent years scholars have considered why the undead have so captured the public imagination This book argues

that the zombie can be viewed as an object of meditation on death a memento mori that makes the fact of mortality more approachable from what has been described as America's death denying culture The existential crisis in zombie apocalyptic fiction brings to the fore the problem of humanity's search for meaning in an increasingly global and secular world Zombies are analyzed in the context of Buddhist thought in contrast with social and religious critiques from other works

**Undead Ends** S. Trimble, 2019-05-03 Undead Ends is about how we imagine humanness and survival in the aftermath of disaster This book frames modern British and American apocalypse films as sites of interpretive struggle It asks what exactly is ending Whose dreams of starting over take center stage and why And how do these films sometimes in spite of themselves make room to dream of new beginnings that don't just reboot the world we know Trimble argues that contemporary apocalypse films aren't so much envisioning The End of the world as the end of a particular world not The End of humanness but rather the end of Man Through readings of The Road I Am Legend 28 Days Later 28 Weeks Later Children of Men and Beasts of the Southern Wild this book demonstrates that popular stories of apocalypse can trouble rather than reproduce Man's story of humanness With some creative re-reading they can even unfold towards unexpected futures Mainstream apocalypse films are in short an occasion to imagine a world After Man
