U.N. Documents, 1975-1998 M. Cherif Bassiouni, Eduardo Vetere, 2023-09-20 The most sustained and penetrating study of the phenomenon of transnational organized crime was completed by various UN agencies in an ongoing project whose principal milestone is the 1997 Convention on Organized Crime This book presents all relevant texts in chronological order from 1975 to 1998 with additional material explaining the background of the project Published under the Transnational Publishers imprint *The United Nations Crime Prevention and Criminal Justice Program* Roger S. Clark, 1994-01-29

Examines the UN Crime Prevention and Criminal Justice Programme Describes the adoption of the various United Nations norms and standards that originated within the programme provides a consideration of some of the major instruments adopted under the auspices of the programme and examines efforts to progress from the promulgation of standards and norms to their monitoring and implementation *Foundations of Criminal Justice* Stephen S. Owen, 2019-07-15 What is law What is deviance What is justice How is justice achieved through law punishment and criminal justice agencies Now in its third edition Foundations of Criminal Justice uses a unique approach that provides students with the framework and the intellectual tools that they will need in order to critically analyze and evaluate the nature sources scope purposes and practical limitations of the criminal justice system This is the only introductory survey text that moves beyond a description of the criminal justice system helping students understand the role of criminal justice in their lives as criminal justice practitioners and as active citizens **War Economies and Post-war Crime** Sabine Kurtenbach, Angelika

Rettberg, 2020-05-21 Even when armed conflicts formally end the transition to peace is not clear cut This comprehensive volume explores the mounting evidence which suggests that it is rather unlikely to see a clean break from violence to consent from theft to production from repression to democracy or from impunity to accountability The authors analyse the complex endeavour of transitioning out of war studying how it is often interrelated with other transformations such as changes in the

political regime democratisation and in the economy opening of markets to globalisation They explore how in the same way as wars and conflicts reflect the societies they befall post war orders may replicate and perpetuate some of the drivers of war related violence such as high levels of instability institutional fragility corruption and inequality This book thus suggests that even in the absence of a formal relapse into war and the re mobilisation of former insurgents many transitional contexts are marked by the steady and ongoing reconfiguration of criminal and illegal groups and practices This book will be of great interest to students and researchers of political science and peace studies It was originally published as an online special issue of Third World Thematics

States of Fragility 2015 Meeting Post-2015 Ambitions OECD,2015-03-26 This 2015 OECD report on fragility contributes to the broader debate to define post 2015 Sustainable Development Goals SDG and argues that addressing fragility in the new framework will be crucial if strides in reducing poverty are to be made

Rethinking Knife Crime Elaine Williams,Peter Squires,2021-10-01 This critical textbook looks beyond the immediate data on knife crime

to try and make sense of what is a global phenomenon Yet it especially explores why the UK in particular has become so preoccupied by this form of interpersonal often youthful violence The book explores knife crime in its global and historical context and examines crime patterns including the second wave of knife crime in Britain It then incorporates new empirical data to explore key themes including police responses popular narratives and the various interests benefiting from the knife crime industry It captures the voices of those impacted by knife crime including young people community leaders and youth work practitioners Drawing on criminology sociology cultural studies and history the book argues that the problem is firmly located at the intersection of a series of concerns about class race gender and generation that are a product of British history and its global past It seeks to trace the several roots of the contemporary knife crime epidemic ultimately to propose newer and alternative strategies for responding to it It encourages a critical engagement with this subject with the inclusion of some learning exercises for undergraduate students and above in the the social sciences whilst also speaking to researchers policy makers and practitioners

International Crime Rates Carol B. Kalish,1988 *Crime and Civilization* Janne Kivivuori,2024-10-18 In 1827 the first modern national crime statistics were published the *Compte g n ral de l administration de la justice criminelle en France* Before the onset of data criminology the perception of crime relied on sources from classical antiquity rational philosophical thought travellers observations and unsystematic observations by criminal justice practitioners With the new concept of national crime statistics it became possible to test theories and hypotheses about crime using a shared data instrument leading to an unprecedented avalanche of crime research by continental scholars *Crime and Civilization The Birth of Criminology in the Early Nineteenth Century* explores the rise of data based criminology as an intellectual field in continental Europe in the early nineteenth century Janne Kivivuori creates a new interpretation of the era of first criminology one approached from the perspective of data and instruments thus complementing the traditional story based on theories and explanatory shifts from classicism to positivism and beyond Drawing on original French German and English publications the book contextualizes the rise of criminology in wider cultural history spanning from Enlightenment philosophers to the general rise of science in society Accessible and thought provoking *Crime and Civilization* is about how data driven criminal studies began and how the first criminologists could know about the patterns and trends of crime A must read for criminologists worldwide this book will fast become a valuable addition to the literature on the history of criminology and of early social science more generally

Small Arms Survey 2012 Graduate Institute of International and Development Studies (Geneva, Switzerland),Small Arms Survey, Geneva,2012-08-30 The Small Arms Survey 2012 seeks to increase our scrutiny of what is changing and not changing in relation to armed violence and small arms proliferation Chapters on firearm homicide in Latin America and the Caribbean drug violence in selected Latin American countries and non lethal violence worldwide illustrate that security is a moving target armed violence both lethal and non lethal continues to undermine the security and wellbeing of people and societies around the world The goal of curbing small arms

proliferation embodied in the UN Programme of Action appears similarly elusive Chapters on illicit small arms in war zones trade transparency Somali piracy and the 2011 UN Meeting of Governmental Experts highlight some of the successes but also the continuing challenges in this area Country studies on Kazakhstan and Somaliland along with the final instalment of the authorized transfers project round out the 2012 edition
