**The Narrative Construction of Identities in Critical Education** A. Archakis, V. Tsakona, 2012-11-13 Based on approaches from discourse analysis and sociolinguistics this study proposes an analytical model focusing on the linguistic and discursive means narrators use to construct a variety of identities in everyday stories This model is further exploited in language teaching to cultivate students cultural sensitivity and critical literacy

Contextualizing Indigenous Knowledge in Africa and its Diaspora Ibigbolade Aderibigbe, Alloy Ihuah, Felisters Kripono, 2015-09-04 This volume proposes a wholesale adoption of African Indigenous Knowledge Systems AIKS as a paradigm for Africa's renewal and freedom from the whims of foreign interests These systems as argued here involve balancing short term thinking and immediate gratification with longer term planning for future generations of Africans and the continent's diaspora The book will be of interest to anyone concerned with development studies in Africa and its diaspora as it offers plausible solutions to Africa's chronic developmental problems that can only be provided from within Africa rather than through the intervention of external third parties As such it provides vital contributions to the ongoing search for viable answers to the challenges that Africa faces today

**African Journal of Education Studies**, 2006 **Promoting Gender Equity in Selected Public Universities of Kenya** Jane Onsongo, 2011 The purpose of this study was to examine sustainable gender equity interventions in selected public universities The study used descriptive survey and case study research methods to carry out an in depth analysis of the gender equity interventions in selected public universities in Kenya The

sample consisted of four public universities that were selected because they had established gender centers institutes that were assumed to be coordinating gender equity intervention The study has the following objectives To establish the existing gender inequalities in the formal organisational structure of the selected universities To identify and assess sustainability of gender equity interventions in the selected public universities To analyse the national regional international and organisational culture and policy contexts that have influenced and supported the introduction of the identified gender equity interventions To investigate the attitudes of staff students and management towards the gender equity interventions and to recommend appropriate institutional strategies to address existing gender inequities

*Second International Handbook on Globalisation, Education and Policy Research* Joseph Zajda, 2015-01-06 This handbook presents a global overview of developments in education and policy change during the last decade It provides an accessible practical and comparative source of current research that examines the intersecting and diverse discourses of this important issue Divided into two parts the handbook first examines globalisation and education policy reforms including coverage of main trends as well as specific policy issues such as gender equity minorities and human rights Next the handbook offers a comparative perspective that evaluates the ambivalent and problematic relationship between globalisation the state and education reforms globally It features coverage on curricula issues and education reforms in schools around the world as well as the curriculum in the global culture Now more than ever there is a need to understand and analyse both the intended and the unintended effects of globalisation on economic competitiveness educational systems the state and relevant policy changes all as they affect individuals the higher education sector schools policy makers and powerful corporate organisations across the globe By examining some of the major education policy issues particularly in the light of recent shifts in education and policy research this handbook offers readers a comprehensive picture of the impact of globalisation on education policy and reforms It will serve as a vital sourcebook of ideas for researchers practitioners and policy makers in education

**Academic Dependency and Professionalization in the South** Fernanda Beigel, Hanan Sabea, 2023-09-08 Since 1960 an unequal international structure is recognized in terms of production and circulation of knowledge in the international science system This phenomenon is called academic dependency and motivated actions towards promoting the education of scientist and stimulating the bond between institutions and scholars of the periphery This considering that the peripheral knowledge production structures were compromised by colonialism and its lasting effects

**Multicampus University Systems** Ishmael I. Munene, 2014-08-27 In the face of increasing social demand and cutbacks in state budgetary support universities in African countries are now turning towards a multicampus system strategy As African governments have adopted neoliberal education policies that place premium on entrepreneurialism profit making privatization and markets as drivers of university development a reshaping of the academic work and organizational framework have taken place However little is known about the impact of this paradigm shift on access quality and governance in higher education This book fills the void in

research and academic knowledge about the impact of the emerging university configurations in Africa It analyzes the paradox surrounding the performance of multicampus university systems as avenues of broadening university access but whose structural success may be qualitatively contested This book offers a refreshing examination of the African multicampus university system from both an African and global perspective It makes use of empirical data from Kenya collected during extensive fieldwork along with substantive library and documentary resources on the rest of the continents to fortify arguments and demonstrate important conclusions This allows for a comparative analysis of policies and strategies used in the establishment of campuses both within and beyond national boundaries in the continent and will be a welcome contribution to the existing repertoire on African universities **The OSSREA Newsletter** ,1997 [Complete Book of Colleges](#) Princeton Review (Firm),2009-08-04 Target the schools that best match your interests and goals TheComplete Book of Collegesprofiles all of the four year colleges in the U S more than 1 600 and is the key to a successful college search Complete Book of Collegesis packed with all of the information that prospective applicants need to know including the details on Academics Admissions requirements Application procedures Tuition and fees Transferring options Housing Financial Aid Athletics and much much more Fully updated for 2010 theComplete Book of Collegescontains all of the latest information about each school Its unique Admissions Wizard questionnaire is designed to help you find schools that meet your individual needs With competition for college admission at an all time high count on The Princeton Review to provide you with the most thorough and accurate guidance on the market [Vaccination in America](#) Richard J. Altenbaugh,2018-08-02 The success of the polio vaccine was a remarkable breakthrough for medical science effectively eradicating a dreaded childhood disease It was also the largest medical experiment to use American schoolchildren Richard J Altenbaugh examines an uneasy conundrum in the history of vaccination even as vaccines greatly mitigate the harm that infectious disease causes children the process of developing these vaccines put children at great risk as research subjects In the first half of the twentieth century in the face of widespread resistance to vaccines public health officials gradually medicalized American culture through mass media public health campaigns and the public education system Schools supplied tens of thousands of young human subjects to researchers school buildings became the main dispensaries of the polio antigen and the mass immunization campaign that followed changed American public health policy in profound ways Tapping links between bioethics education public health and medical research this book raises fundamental questions about child welfare and the tension between private and public responsibility that still fuel anxieties around vaccination today [Resources in Education](#) ,1989 **13th International Conference on Electrical Bioimpedance and 8th Conference on Electrical Impedance Tomography 2007** Hermann Scharfetter,Robert Merwa,2007-10-27 These proceedings continue the series edited in the framework of the traditional triennial International Conference on El trical Bio Impedance ICEBI the most important platform for presenting recent scientific achievements in the area of el th nd trical bio impedance The XIII ICEBI

was held from Aug 29 Sept 02 2007 at the Graz University of Technology in Graz Austria The organizers received 285 abstracts 264 of which were accepted for presentation The authors of these papers came from 34 different nations Due to the kind support by the International Federation for Biomedical Engineering IFMBE the proceedings were published by Springer in the proceedings series of the IFMBE The editors would like to thank the IFMBE for this kind of service which makes the results of the bioimpedance community visible on a very important publishing platform According to the quality requirements of the IFMBE each paper had to pass a thorough two stage review by two independent members of the scientific board As a result 204 papers were selected for being printed in this issue As already in previous years the ICEBI was held together with the Conference on Electrical Impedance Tomography the annual meeting for biomedical impedance imaging Consequently the proceedings also contain many contributions from this very important and challenging branch of bioimpedance research

**Law's Impunity** Hin-Yan Liu, 2015-09-24 When faced with those who act with impunity we seek the protection of law We rely upon the legal system for justice from international human rights law that establishes common standards of protection to international criminal law that spearheads efforts to end impunity for the most heinous atrocities While legal processes are perceived to combat impunity and despite the ready availability of the law accountability often remains elusive What if the law itself enables impunity Law s Impunity asks this question in the context of the modern Private Military Company PMC examining the relationship between law and the concepts of responsibility and impunity This book proposes that ordinary legal processes do not neutralise but rather legalise impunity This radical idea is applied to the abysmal record of human rights violations perpetrated by the modern PMC and the shocking absence of accountability This book demonstrates how the law organises rather than overcomes impunity by detailing how the modern PMC exploits ordinary legal processes to systematically exclude itself from legal responsibility Thus Law s Impunity offers an alternative to conventional thinking about the law providing an innovative approach to assess and refine the rigour of legal processes in the ongoing quest to end impunity

**The Development of Tertiary Education in the Eastern African Region** Isabella M. Musyoka-Kamere, Daniel Namusonge Sifuna, Kisilu Kombo, 2023-11-16 This book gives a riveting account of the higher education advancements made in five East African countries each presenting unique characteristics While some of the counties enjoyed relative calm throughout their years of growth and development others have endured a turbulent past marked by civil war coups and other forms of unrest including one of the most atrocious genocide events ever recorded in the history of mankind It is a known fact that the past defines the present and describes the future The book specifically tracks the historical development of teacher education technical and vocational education and training and university education in Kenya Uganda Tanzania Rwanda and Burundi The extensive research and up to date accounts provide a rich overview of tertiary education in the five countries with candid reviews of the past the current situation and perspectives on the future The book is a refreshing addition to the books of history and

education and a must read for students professionals and policy makers in the field of higher education as well as scholars of history
