Environmental Impact Statement for Construction Permit for the Northwest Medical Isotopes Radioisotope Production Facility Final Report Nuclear Regulatory Commission (U S ), 2017-05-16. The U S Nuclear Regulatory Commission (NRC) has prepared this environmental impact statement (EIS) in response to an application submitted by Northwest Medical Isotopes LLC (NWMI) for a construction permit for the NWMI medical radioisotope production facility. The EIS includes the analysis that evaluates the environmental impacts of the proposed action and considers the following alternatives to the proposed action: 1. the no action alternative, i.e. the construction permit is denied; 2. one alternative site; and 3. two alternative technologies.
