A path to wellness in the educational and health systems Lynn Preston,Wanda van der Merwe,2023-11-30 The Six Bricks initiative is a teaching and learning method that encourages focused engagement in the classroom by all learners from the foundation phase to adulthood By using six simple colourful DUPLO bricks an element of play is introduced into a situation that inevitably leads to all individuals focusing and interacting This is one of the major contributions to all teaching and learning disciplines and promotes the audience to learn with enjoyment enthusiasm and concentration Along with this communication is promoted sparking unimaginable creativity and creation This book provides the reader with an alternative focus to the original educational application of the Six Bricks activities This Six Bricks initiative focuses on the therapeutic application and processes in communities schools and within individuals themselves As each author has had an intimate connection with Six Bricks initiative they are all more than qualified to provide their autoethnographic reflections on this initiative which holds so much promise and excitement for learning and teaching Therefore each author s contributions were original and personalised providing a new field in the avenues of research in the South African context as South Africa does not have as yet much research on this topic The methodology used in this qualitative research study was primarily from each author s perspective thus their self reflection and anecdotal personal experiences form the core of these chapters Therefore this autoethnographic is a self reflective form of writing which involves self observation and reflective investigation in the context of ethnographic fieldwork and writing

Biblical Theology of prayer in the Old Testament Albert J. Coetsee,Francois P. Viljoen,2023-08-31 Prayer is a major topic within Christian theology The biblical text has various references to various recorded and reported prayers In fact

references to prayer are found within the rich diversity of the various books corpora and genres of Scripture As can be expected much has been written about prayer in the biblical text However a comprehensive Biblical Theology dealing with the concept of prayer in Scripture has not been published before and this book intends to fill this gap assuming that such an approach can provide a valuable contribution to the theological discourse on prayer and related concepts This book aims to investigate prayer and its related elements including worship praise thanksgiving adoration petition intercession lament and confession in the Old Testament on a book by book or corpus by corpus basis The investigation follows a Biblical Theological approach reading the Old Testament on a book by book basis in its final form to uncover the Old Testament s overarching theology of prayer understanding the parts in relation to the whole By doing this the discrete nuances of the prayers of the different Old Testament books and corpora can be uncovered letting the books and corpora speak for themselves In addition the advantage of this approach is that it provides findings that can benefit the modern Christian community and contribute to the practice of Reformed theology in Africa This book is of significant value to scholars It will inspire scholars to think about prayer and use the Bible as the major prayer handbook in their spiritual lives Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1916 *Farming in South Africa* ,1926 **Crossing Borders, Dissolving Boundaries** Hein Viljoen,2013 Borders separate but also connect self and other and literary texts not only enact these bordering processes but form part of such processes This book gestures towards a borderless world stepping as it were with thousand mile boots from south to north even across the Atlantic from South Africa to Scandinavia It also shows how literary texts model and remodel borders and bordering processes in rich and meaningful local contexts The essays assembled here analyse the crossing and negotiation of borders and boundaries in works by Nadine Gordimer Ingrid Winterbach Deneys Reitz Janet Suzman Marlene van Niekerk A S Byatt Thomas Harris Frank A Jenssen Eben Venter Antjie Krog and others under different signs or conceptual points of attraction These signs include a spiritual turn eventfulness self understanding ethnic and linguistic mobilization performative chronotopes the grotesque the carceral the rhetorical and the interstitial Contributors Ileana Dimitriu Heilna du Plooy John Gouws Anne Heith Lida Kr ger Susan Meyer Ad le Nel Ellen Rees Johan Schimanski Tony Ulliyatt Phil van Schalkwyk Hein Viljoen *The Diffusion of Law* Sue Farran,James Gallen,Christa Rautenbach,2016-03-09 In considering diffusion from a global perspective this book provides timely new insights into its application in a variety of fields and at many levels of both legal and non legal orderings This collection contributes to the wider theoretical debate concerning the movement of law and legal norms by engaging with concrete examples of legal diffusion in jurisdictions as diverse as Albania the Czech Republic Poland and Kuwait These examples taken together provide a comprehensive illustration of the theoretical debates concerning the diffusion of laws and norms in terms of both process and form This international multi disciplinary and multi methodological volume brings together scholars from law and social science with experience in mixed and hybrid jurisdictions and advances the conversation about legal and normative diffusion

across the academy It represents a robust challenge to many preconceived ideas about legal movement and as such will be of interest to academics and students working in the fields of Law Sociology Anthropology Political Science Legal Education and comparative method Understanding, Implementing, and Evaluating Knowledge Management in Business Settings Merlo, Tereza Raquel, 2022-06-24 Although there are numerous publications in the field of knowledge management KM there are still gaps in the literature regarding the aspects of KM that reflect new technology adoption and a deeper analysis discussing the interlinked process between KM and data analytics in business process improvement It is essential for business leaders to understand the role and responsibilities of leaders for the adoption and consolidation of a KM system that is effective and profitable Understanding Implementing and Evaluating Knowledge Management in Business Settings provides a comprehensive approach to KM concepts and practices in corporations and business organizations Covering topics such as information overload knowledge sharing adoption and collective wisdom this premier reference source is a comprehensive and essential resource for business executives managers IT specialists and consultants libraries students entrepreneurs researchers and academicians
