Unplanned Journey Alcon Copisarow, 2014-12-01      **The Athenaeum** Michael Wheeler, 2020-09-11 A compelling history of the famous London club and its members impact on Britain's scientific creative and official life When it was founded in 1824 the Athenaeum broke the mold Unlike in other preeminent clubs its members were chosen on the basis of their achievements rather than on their background or political affiliation Public rather than private life dominated the agenda The club with its tradition of hospitality to conflicting views has attracted leading scientists writers artists and intellectuals throughout its history including Charles Darwin and Matthew Arnold Edward Burne Jones and Yehudi Menuhin Winston Churchill and Gore Vidal This book is not presented in the traditional insular style of club histories but devotes attention to the influence of Athenians on the scientific creative and official life of the nation From the unwitting recruitment of a Cold War spy to the welcome admittance of women this lively and original account explores the corridors and characters of the club its wider political intellectual and cultural influence and its recent reinvention      **Cornwall (Slow Travel)** Kirsty Fergusson, 2015-03-13 Many of Cornwall's wildest or most curious corners as well as the exciting new range of places to eat sleep or drink are often overlooked in the headlong race to get to the beach or the well known tourist spots Taking the Slow approach using local knowledge and the author's endless curiosity this guide offers both visitors and seasoned residents alike the chance to discover what lies behind the immediate and obvious attractions of Britain's favourite holiday destination
