Unusually Stupid Americans A Compendium Of Allamerican Stupidity:

Unusually Stupid Americans Kathryn Petras, Ross Petras, 2007-12-18 A hilarious collection of lists statistics news items quotations and facts detailing stupid acts of Americans from all walks of life by the authors of the bestselling *The 776 Stupidest Things Ever Said* Everyone knows that America is the land of the free and the home of the brave but sometimes that means we re free to be as bravely stupid as we want In *Unusually Stupid Americans* Kathryn Petras and Ross Petras assemble choice bits of stupidity U S A style including the top seriously flawed American advertising moments including Pacific Airlines brilliant You re scared of flying So s our pilot ad campaign which led the airline to bankruptcy within two months of the campaign s inception the Martin Luther King Jr celebration in Florida where a plaque was unveiled that was intended to honor the actor James Earl Jones but instead read Thank you James Earl Ray for keeping the dream alive an unfortunate slip up as James Earl Ray was King s assassin and much more

Trends in EU Health Care Systems Winfried de Gooijer, 2007-03-20 For decades the nations of the European Union wrote the book on universal health coverage Recent economic developments however have created problems ranging from widening inequities of care to growing numbers of uninsured a progression expertly described by Win de Gooijer in *Trends in EU Health Care Systems* De Gooijer s dual background as an economist and the CEO of Dutch health care corporations together with his broad international experience give him a unique understanding of his subject He traces world economic currents that have affected quality of and access to health care throughout the EU trends that took years to develop but are coming to rapid fruition Comparative illustrations from Europe and the US show national interests at odds with global ones as governments transfer social responsibilities to market driven agencies Included in his discussion Expansion versus reform a forty year analysis of Europe s health care systems Why governments cannot completely control the always evolving dynamics of health care Ethical and medical issues arising from the continent s changing politics Predictions on future directions in EU health care how much change is possible how much is necessary Some may find De Gooijer s ideas startling and the book is bound to be the subject of controversy But it is critical reading for health care managers and policymakers politicians and insurers advanced students of public health in short anyone looking to Europe for the next phase of this far reaching evolution This book is a very important contribution to the debate about the future direction of health policy in Europe It captures the economic and social trends that underpin health systems with a keen and objective eye and poses some very challenging questions about the future It will not be a comfortable read for politicians but it is a book that must be read Brian Edwards President of the European Hospital and Health Care Federation HOPE The concept of subsidiarity is prohibitive to a sound discussion of health care systems on a European level Economic principles dominate the debate and their consequences for health care are hardly understood The author bridges the gap between economic and health care developments and wrote a book that is essential reading for policy makers and health care managers who really care Rob Koning Past President of the European Health Management

Association EHMA The future development of European health policy should not be an exclusively political affair Hospital managers should also be actively involved particularly as regards the design and organization of present and future European hospitals For this purpose this book is a useful and well founded manual It not only clarifies the dangers but also points to the challenges and possible alternative policy options Therefore this book should be in the boardroom of each and every European hospital Willy Heuschen Secretary General of the European Association of Hospital Managers EAHM Win de Gooijer brings immense clarity to a complex issue In this book he draws major and new conclusions and raises many challenging questions We hope this book will draw the attention it deserves G rard Vincent President International Hospital Federation
