The Politics and Governance of Basic Education Brian Levy,Robert Cameron,Ursula Hoadley,Vinothan Naidoo,2018-09-05 This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations All over the world economic inclusion has risen to the top of the development discourse A well performing education system is central to achieving inclusive development but the challenge of improving educational outcomes has proven to be unexpectedly difficult Access to education has increased but quality remains low with weaknesses in governance comprising an important part of the explanation The Politics and Governance of Basic Education explores the balance between hierarchical and horizontal institutional arrangements for the public provision of basic education Using the vivid example of South Africa a country that had ambitious goals at the outset of its transition from apartheid to democracy it explores how the interaction of politics and institutions affects educational outcomes By examining lessons learned from how South Africa failed to achieve many of its goals it constructs an innovative alternative strategy for making process combining practical steps to achieve incremental gains to re orient the system towards learning

Accountability in education: meeting our commitments UNESCO,2017-10-30 The second edition of the Global Education Monitoring Report GEM Report presents the latest evidence on global progress towards the education targets of the UN Sustainable Development Goals With hundreds of millions of people still not going to school and many not achieving minimum skills at school it is clear education systems are off track to achieve global goals The marginalized currently bear the most consequences but also stand to benefit the most if policy makers pay sufficient attention to their needs Faced with these challenges along with tight budgets and increased emphasis on results oriented value for money countries are searching for solutions Increased accountability often tops the list The 2017 8 GEM Report shows the entire array of approaches to accountability in education It ranges from countries unused to the concept where violations of the right to education go unchallenged to countries where accountability has become an end in itself instead of a means to inclusive equitable and high quality education and lifelong learning for all The report emphasizes that education is a shared responsibility While governments have primary responsibility all actors schools teachers parents students international organizations private sector providers civil society and the media 0 3 have a role in improving education systems The report emphasized the importance of transparency and availability of information but urges caution in how data are used It makes the case for avoiding accountability systems with a disproportionate focus on narrowly defined results and punitive sanctions In an era of multiple accountability tools the report provides clear evidence on those that are working and those that are not Back cover

Oral history in South Africa Sekgothe Mokgoatsana,2025-05-06 Colonial and apartheid era historical narratives in South Africa often disregard oral testimonies leaving significant gaps in understanding the country s rich and complex past This scholarly book explores the methodologies and ethics of oral history to address these omissions and to elevate oral testimonies as vital tools in historical scholarship This book brings together ten chapters authored by leading academics and researchers It critically examines how oral history methodologies can be contextualised within South Africa s diverse and multifaceted society Rather than focusing on Eurocentric approaches it emphasises the need to rethink the ethics and practices of oral history from an Afrocentric perspective Through its transdisciplinary and interdisciplinary lens spanning history indigenous knowledge studies museum and archival studies and folklore this book advocates for the recognition of interviewees as knowledge holders fostering meaningful exchanges rather than mere knowledge extraction The authors emphasise the need to protect and expand oral history archives ensuring the representation of marginalised voices and redressing past injustices With original research this volume sheds light on the transformative potential of oral history in South Africa offering new arguments and perspectives It aims to inspire scholars researchers and specialists to rethink conventional practices and to bridge the divide between written and oral histories This is essential literature for scholars and practitioners in history oral history theology museum studies and related fields as it reimagines the role of oral testimonies in producing inclusive and credible historical narratives
