The Iron Road English Edition:

The Iron Road Christian Wolmar, 2014-05-01 The Iron Road is full of wondrous curiosities Did you know that early trains in Australia were pulled by convicts or that elephants were until recently used to shunt freight wagons in India The world's most magnificent railway station the Chhatrapati Shivaji terminal in Mumbai took 10 years to build The longest possible continuous railway journey in the world is the 10 600 miles between Algeciras in Spain and Ho Chi Minh City in Vietnam And the idea that Mussolini made the trains run on time is a myth No invention not even the Internet has ever transformed the way the world traveled worked thought fought ate drank made love you name it the way the train did From the historic moment in September 1830 when the first train chuffed between Liverpool and Manchester UK there was a race to lay down tracks across the planet Adventurers visionaries and rogues were attracted to grandiose projects linking distant corners of the globe in a quest for wealth power and national unity The achievements were heroic India's railway network was the biggest public works project since the building of the pyramids But the human costs were huge In the 1850s six thousand workers died during the construction of the Panama railway the world's first transcontinental line 120 for each mile of railroad The cadavers were pickled and sold to medical schools around the world to defray costs But for the shareholders there were fortunes to be made and at their peak the railroads represented luxury almost beyond belief The Iron Road tells of great invention grand vision mind boggling engineering military strategy colonial ambition groundbreaking trade changes and social impact all the ways that railroads utterly changed the world in which we live **The Iron Road Book and Railway Companion; Or, A Journey from London to Birmingham ...** Francis Coghlan, 1838 The Iron Road James Mawdsley, 2015-07-07 A startling account of an evil regime and one young man's efforts to defy it Twenty eight year old James Mawdsley spent much of the past four years in grim Burmese prisons The Iron Road is his story and the story of the regime that jailed him the way it jails tortures and kills hundreds of Burmese each day Mawdsley was working in New Zealand when he learned about the struggle of Daw Aung San Suu Kyi the Burmese Nobel laureate who is under house arrest Outraged he went to Burma staged a one man protest and was jailed There his own amazing story begins He is tortured interrogated released jailed again He turns his incarceration into a contest of wits going on a hunger strike toasting the year 2000 with a cigar and prison champagne and requesting 1 packet of freedom 1 bunch human rights and 2 bottles of democracy At the same time he asks himself What leads those of us in peaceful democracies to ignore others suffering just because it is happening over there to them James Mawdsley is a hero in a generation said to lack heroism The Iron Road named for a torture in which skin is scraped from bone with a piece of iron is an urgent call for an end to human rights abuses in Burma and is a keen analysis of the totalitarian mind set And it is the story at once moving and terrifying of how one person can further the cause of justice through sheer will and determination The iron roads dictionary and travellers route charts of the English and Welsh railways sir John Richard Somers Vine, 1881 **Li Jun and the Iron Road** Anne
