Catalog of the Melville J. Herskovits Library of African Studies, Northwestern University Library (Evanston, Illinois) and Africana in Selected Libraries Melville J. Herskovits Library of African Studies,1972 A Dictionary of the English Language ... Mainly Abridged from the Latest Edition of the Quarto Dictionary of Noah Webster Noah Webster,1872 **Tortured Logic** Joseph Russomanno,2011-04-01 Hoisted by their own petards *Our Navy, the Standard Publication of the U.S. Navy* ,1918 *English Teaching Forum* ,1970 **Reaping What You Sow** Henry Frank Carey,2011-12-13 This book evaluates the experience of official torture of France in Algeria as well as recently the United States since 9 11 Israel against Palestinians and Argentina during its Dirty War from 1972 to 1983 While evaluating what information was gained from torture the book also shows the costs of undertaking this approach to interrogating suspected terrorists Reaping What You Sow A Comparative Examination of Torture in France Argentina Israel and the United States presents a new angle in the study of this controversial practice by studying how these countries attempt to account for these secret practices and reform future interrogations against this universal crime It also analyzes the costs of torture whether in terms of intelligence gaffes or alienating potential supporters and enemies alike creating strategic dilemmas in the war on terrorism Adopting a comparative approach the book studies questions like What is the harm or benefit to the state once the torture becomes known What are the political and strategic ramifications Does torture help win wars Can the use of torture bring about any lasting or beneficial reforms These are daring questions seldom pondered In asking them this book will help to foster a discussion that is long overdue The author concludes that ex authoritarian regimes like Argentina s junta and France s colony in Algeria have reduced torture more than democracies These authoritarian regimes collapsed and new democratic regimes ultimately discredited their predecessors torture Despite many zigzags in amnesty Argentina was more scandalized by torture of its citizens and improved more than France because the latter s subsequent Fifth Republic regime was more similar to the Fourth protecting many torturers with a permanent amnesty Continuous democracies like the United States and Israel have only reduced their worst torture while torture lite continues without accountability The same elected officials and security agency personnel and prerogatives have largely remained without any legal discipline for their past secret criminal practices The United States and Israel continue to innovate hide and resume torture with discretion because the various new legislative judicial and executive checks and balances amount to wishful legal statements Democracies need permanent accountability mechanisms to assure that security services abolish torture in practice Otherwise torture will continue to generate more terrorists without generating information that is consistently reliable Colonial America on Film and Television Bertil O.
