G. Dunn, 1996 This excellent study of the origins and early development of Christology by James D. G. Dunn clarifies in rich detail the beginnings of the full Christian belief in Christ as the Son of God and incarnate Word By employing the exegetical methods of historical context of meaning and conceptuality in transition Dunn illumines the first century meaning of key titles and passages within the New Testament that bear directly on the development of the Christian understanding of Jesus **Being Present** Arthur A. Rouner Jr., 2012-06-25 The message given in Pilgrim Center healing retreats for survivors of genocide and war is The world has not forgotten or abandoned you The Church of the world views you as its brothers and sisters and we have come from them to stand with you and to love you on their behalf In this book The Rev Dr Arthur A Rouner Jr a parish minister for 40 years lays out a theology for ministry through presence based on the ministry of Jesus It is a simple practical effective approach for reaching people who are difficult to reach who are often withdrawn silently suffering and probably at the edges of Church life Brokenness Dr Rouner says is a

condition of the soul of people high and low It is a condition of the rich as well as the poor It is a state of the heart The broken can be found in all sorts of places he says The Church as the Shepherd of the sheep is called to find them and heal their hearts Dr Rouner challenges church ministers and congregants to expand their thinking about ministry and to go to people in their brokenness and isolation in their places of physical and spiritual hiding whether in Africa or down the block or at a coffee shop to show care and love and compassion He suggests that the Church needs to minister beyond its walls at the edges of society at the four corners of the world in the middle of nowhere and everywhere being present in unexpected places and in unexpected ways *The Shadow of the Galilean* Gerd Theissen,2014-07-24 Combining New Testament study

with the terseness of thriller writing Theissen conveys the Gospel story in the imaginative prose of a novel This is a story of our times or how the gospels might have turned out if they were written by John Le Carre racy readable and full of incident

Snyder,2001-11-30 Everywhere the church is rediscovering Jesus call to live under God s rule What the world needs however is not just greater kingdom awareness but more kingdom action How can the church stabilize families

revitalize neighborhoods create just societies and a peaceful world How can we hasten the day when the kingdoms of this world will become the kingdom of our Lord **The Princeton Theological Review** ,1913 Includes section Reviews of recent literature **Leading from Below** Bill Taylor,2025-03-18 Follow the downward path of the cross What does it mean to lead from a position of humility calling and service In Leading from Below Bill Taylor shares insights learned from six decades of cross cultural ministry This narrative theology combines elements of autobiography theological insight and practical guidance where leadership lessons emerge more from the crucible of life rather than books podcasts or seminars Taylor s honest stories reflect vulnerability but also the strength to live into the sometimes painful often inscrutable promises of God He reflects on his Third Culture Kid life grapples with the slippery slogans of missions encounters the Holy Spirit in new dimensions of presence and power and seeks to make sense of the many mistakes he made He concludes with a series of reflections on leadership and finishing well Leading from Below is both inspirational and instructive It is designed to encourage and equip leaders with a framework of leading with integrity and a Christ centered perspective **Approaches to Management** Elsy. P.A,2009 **Eloquence Divine** Phillip Arrington,2018-01-01 While serious studies of the Bible s rhetoric have been written for academic readers few have attempted to examine the persuasiveness of speeches directly assigned to the biblical God that so many believe in and worship Further no critic has yet tried to analyze how this God tries to invent and develop His arguments in the Bible as it has come down to us or how this God arranges those arguments or the styles He adopts to make them and the roles memory and delivery play in His arguments Eloquence Divine is one agnostic s attempt at such a study Those in the humanities educators and their students graduates and undergraduates interested in rhetoric persuasive language religion and the Bible are the ones most likely to be interested in this book s explorations in the hope that these readers whatever their beliefs or theoretical preferences can gain greater understanding of how one a fairly popular version of God strives through His eloquence to affect the human audiences in the Bible From the Introduction

The Centrality of Christ in Contemporary Missions Mike Barnett,Michael Pocock,2005-09-15 Is Jesus really the only way What is unique about Christ and missions How can a new understanding of Jesus Christ bridge the gap between modern positivism and post modern relativism Can we learn from the model of Jesus how to be more effective mission workers This volume Number 12 of the annual Evangelical Missiological Society series offers answers to these questions and more as it discusses the clear and relevant communication of the centrality of Jesus Christ **Christianity's Source** Harry L. Tabony,2007-12 Christianity s Source is the result of a quest that started almost eighty years ago After reading the Catholic recommended writers like Augustine and Aquinas the author went through the Greeks and many other well respected philosophers coupled with a great deal of painful thinking As each topic is developed questions are posed that ask the readers to make logical personal appraisals It is proposed that any individual given the facts and information on each topic can use his her own intellect to reach logical conclusions The initial area of inquiry is where did Judeo Christianity come from
