InfoWorld ,1996-02-19 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects **The Complete History of the Black Death** Ole Jørgen Benedictow, 2021 Completely revised and updated for this new edition Benedictow s acclaimed study remains the definitive account of the Black Death and its impact on history The first edition of *The Black Death* collected and analysed the many local studies on the disease published in a variety of languages and examined a range of scholarly papers The medical and epidemiological characteristics of the disease its geographical origin its spread across Asia Minor the Middle East North Africa and Europe and the mortality in the countries and regions for which there are satisfactory studies are clearly presented and thoroughly discussed The pattern pace and seasonality of spread revealed through close scrutiny of these studies exactly reflect current medical work and standard studies on the epidemiology of bubonic plague Benedictow s findings made it clear that the true mortality rate was far higher than had been previously thought In the light of those findings the discussion in the last part of the book showing the Black Death as a turning point in history takes on a new significance OLE J BENEDICTOW is Professor of History at the University of Oslo *The Death of Expertise* Thomas M. Nichols, 2024 In the early 1990s a small group of AIDS denialists including a University of California professor named Peter Duesberg argued against virtually the entire medical establishment s consensus that the human immunodeficiency virus HIV was the cause of Acquired Immune Deficiency Syndrome Science thrives on such counterintuitive challenges but there was no evidence for Duesberg s beliefs which turned out to be baseless Once researchers found HIV doctors and public health officials were able to save countless lives through measures aimed at preventing its transmission *The Shakespearean Death Arts* William E. Engel, Grant Williams, 2022-05-05 This is the first book to view Shakespeare s plays from the prospect of the premodern death arts not only the ars moriendi tradition but also the plurality of cultural expressions of memento mori funeral rituals commemorative activities and rhetorical techniques and strategies fundamental to the performance of the work of dying death and the dead The volume is divided into two sections first critically nuanced examinations of Shakespeare s corpus and then second of Hamlet exclusively as the ultimate proving ground of the death arts in practice This

book revitalizes discussion around key and enduring themes of mortality by reframing Shakespeare's plays within a newly conceptualized historical category that posits a cultural divide at once epistemological and phenomenological between premodernity and the Enlightenment

Exploring the Philosophy of Death and Dying Travis Timmerman, Michael Cholbi, 2020-12-30 Exploring the Philosophy of Death and Dying: Classical and Contemporary Perspectives is the first book to offer students the full breadth of philosophical issues that are raised by the end of life. Included are many of the essential voices that have contributed to the philosophy of death and dying throughout history and in contemporary research. The 38 chapters in its nine sections contain classic texts by authors such as Epicurus, Hume, Nietzsche, and Schopenhauer and new short argumentative essays specially commissioned for this volume by world-leading contemporary experts. Exploring the Philosophy of Death and Dying introduces students to both theoretical issues: whether we can survive death, whether death is truly bad for us, whether immortality would be desirable, etc., and urgent practical issues: the ethics of suicide, the value of grief, the appropriate medical criteria for declaring death, etc., raised by human mortality, enabling instructors to adapt it to a wide array of institutions and student audiences. As a pedagogical benefit, PowerPoint discussion questions and test questions for each chapter are included as online ancillary materials.

Conquering the Spirit of Death Becky Dvorak, 2019-11-19 Take Hold of Resurrection Life. The devil prowls around like a lion seeking to steal, kill, and destroy. The enemy can keep us from experiencing the abundant life that Jesus promised. But the same Spirit that raised Christ from the dead lives within us. His children, to truly walk in fullness of life, we must apply this resurrection power to our

A Death in Brazil Peter Robb, 2005-05 Deliciously sensuous and fascinating, Robb renders in vivid detail the intoxicating pleasures of Brazil's food, music, literature, and landscape as he travels not only cross-country but also back in time from the days of slavery to modern-day political intrigue and murder. Spellbinding and revelatory, Peter Robb paints a multi-layered portrait of Brazil as a country of intoxicating and passionate extremes.

The Coming Collapse of China Gordon G. Chang, 2001-09-15 China is hot. The world sees a glorious future for this sleeping giant three times larger than the United States, predicting it will blossom into the world's biggest economy by 2010. According to Chang, however, a Chinese American lawyer and China specialist, the People's Republic is a paper dragon. Peer beneath the veneer of modernization since Mao's death, and the symptoms of decay are everywhere. Deflation grips the economy, state-owned enterprises are failing, banks are hopelessly insolvent, foreign investment continues to decline, and Communist party corruption eats away at the fabric of society. Beijing's cautious reforms have left the country stuck midway between communism and capitalism. Chang writes, "With its impending World Trade Organization membership for the first time, China will be forced to open itself to foreign competition, which will shake the country to its foundations. Economic failure will be followed by government collapse." Covering subjects from party politics to the Falun Gong to the government's insupportable position on Taiwan, Chang presents a thorough and very chilling overview of China's present and not-so-distant future.

The Death of Truth Steven Brill, 2024-06-04 How did we become a world

where facts shared truths have lost their power to hold us together as a community as a country globally How have we allowed the proliferation of alternative facts hoaxes even conspiracy theories to destroy our trust in institutions leaders and legitimate experts Best selling journalist Steven Brill documents the forces and people from Silicon Valley to Madison Avenue to Moscow to Washington that have created and exploited this world of chaos and division and offers practical solutions for what we can do about it A precise description of the punishment cell we have built around our minds and the first few steps back towards light and air Timothy Snyder Author of On Tyranny and Professor of History Yale University A seminal ground breaking documented and honest examination of two of the central dilemmas of our time what is truth and where to find it Bob Woodward associate editor at The Washington Post As the cofounder of NewsGuard a company that tracks online misinformation Steven Brill has observed the rise of fake news from a front row seat In The Death of Truth with startling often terrifying clarity he explains how we got here and how we can get back to a world where truth matters None of this conspiracy theories embraced expertise ridiculed empirical evidence ignored has happened by accident Brill takes us inside the decisions made by executives in Silicon Valley to code the algorithms embedded in their social media platforms to maximize profits by pushing divisive content He unravels the ingenious creation of automated advertising buying systems that reward that click baiting content and penalize reliable news publishers and describes how the use of these ad financed misinformation platforms by politicians hucksters and conspiracy theorists deceives ordinary citizens He documents how the most powerful adversaries of America have used American made social media and advertising tools against us with massive disinformation campaigns and how with the development of generative artificial intelligence everything could get exponentially worse unless we act The stakes are high for all of us including Brill himself whose company s role in exposing Russian disinformation operations resulted in a Russian agent targeting him and his family Crucially Brill lays out a series of provocative but realistic prescriptions for what we can do now to reverse course proposals certain to stir debate and even action that could curb the power of big tech to profit from division and chaos tamp down polarization and restore the trust necessary to bring us together
