was and is political a genre of what Hannah Arendt called organizational lying about the past Its makers designed the Zombie to create a basis in the false past for particular discriminatory policies Other history Zombies are cultural They encapsulate and empower prejudice and stereotyping Still other popular history Zombies do not look disfigured but like Zombies walk among us without our realizing how devastating their impact can be Zombie History argues that whatever their purpose whatever the venue in which they appear history Zombies undermine the very foundations of disinterested study of the past
