Governance and Northern Ireland Cathy Gormley-Heenan, Derek Birrell, 2016-04-29 This book examines the governance arrangements in Northern Ireland through a multi level lens particularly in the period since the new institutions established through the 1998 Agreement became more firmly embedded **The Conservative-Liberal Coalition** M. Beech, S.

Lee, 2015-04-08 This book offers a unique full term analysis of the Cameron Clegg Government From austerity to gay marriage the Scottish referendum to combating IS it brings together expert academic voices to provide rigorous yet readable insights on the key areas of government politics and the debates which will shape the 2015 general election **The Fall of the House of Paisley** David Gordon, 2009-10-30 In this hard hitting study of political power award winning journalist David Gordon studies the political downfall of Ian Paisley and his son and shines an uncompromising light on Northern Ireland s political elite Ian Paisley firebrand Ulster Protestant preacher and politician spent forty years denouncing compromise as treachery Then in March 2007 he agreed a power sharing pack with Sinn F in the political wing of the Provisional IRA The historic deal earned him plaudits from around the world and the top job in Northern Ireland s new devolved administration His beloved son Ian Junior took up a ministerial post by his side Yet within a year this proud family dynasty had crumbled and collapsed First Ian Junior resigned as a minister after months of controversy over his links to a property developer Then Paisley himself announced his retirement despite having made repeated pledges to serve a full four years in office In this fantastic work of investigative journalism award winning journalist David Gordon pinpoints the structural flaws in the House of Paisley and exposes the murky underworld of Northern Irish politics Editorial Reviews David Gordon in a fine piece of investigative journalism doggedly following his nose taking advantage of freedom of information and with good contacts in the DUP and Free Presbyterian Church FPC seeks to explain why Ian Paisley fell at what appeared to be the moment of triumph Maurice Hayes Belfast Telegraph David Gordon details where the storm came from and why it was so damaging to father and son in The Fall of the House of Paisley While some readers will to be blunt enjoy reliving the difficulties faced by such a pair of individuals there s more to Gordon s fine book than schadenfreude William Scholes Irish News Gordon s

account is as sharp as a blade cutting deep into the murky world of Stormont Fachtna Kelly and Julian Fleming Sunday Business Post Agenda The Fall of the House of Paisley Contents Introduction Chronology Welcome to the House of Fun The Ghost of Paisley Past With God on our Side Dodgy Foundations Causeway for Concern Junior in Bother Senior in Bother Land Deal Lobbying Out with the Old St Andrews Bombshell Other People s Money Surprise in Dromore All Fall Down Legacy Matters Life after PaisleyNotes The Barnett formula Great Britain: Parliament: House of Lords: Select Committee on the Barnett Formula,2009-07-17 The Barnett Formula is the mechanism used by the United Kingdom Government to allocate more than half of total public expenditure in Scotland Wales and Northern Ireland The Formula has been used for the last thirty years to determine the annual increase in allocation the increment Each year these increments are added on to the previous year s allocation the baseline to create what is now a significant block grant of funds The Formula accounted for almost 49 billion of public spending in 2007 08 Despite the political changes within the United Kingdom the Formula has continued to be used and has never been reviewed or revised The Formula was only intended to be a short term measure and should no longer be A UK Funding Commission should be established to assess relative need in the UK s regions and advise on a new method of distributing funding to reflect those needs The baseline has never been reviewed to take account of changing population patterns this means that the grant provides funds without reference to the needs of each of the countries and regions of the UK There should be a link between the grant of funds made to each of the administrations and their actual per capita funding needs The Committee s research suggests that England and Scotland have markedly lower overall needs per head of population than Wales and Northern Ireland The Committee suggest that the UK Funding Commission undertake an assessment of relative need now and in the future and that they undertake periodic reviews as well as publish annual data about the allocation of funding between the devolved administrations The State of the Nations 2008 Alan Trench,2017-05-24 The State of the Nations 2008 Into the third term of devolution in the United Kingdom is the sixth publication of a major research programme into devolution in the United Kingdom published on behalf of the Constitution Unit at University College London The focus of this volume is on the devolved elections of May 2007 analyzing the outcome in terms of both the immediate aftermath and longer term implications In particular it will consider influences on policy making finance the UK Parliament and the resolution of intergovernmental disputes This book replaces the previously announced volume The State of the Nations 2007 **Corporation tax in Northern Ireland** Great Britain: Parliament: House of Commons: Northern Ireland Affairs Committee,2011-06-09 The committee supports the principle of devolving to the Northern Ireland Executive the decision over whether or not to amend the rate of corporation tax and believes this would assist the indigenous private sector to expand innovate and employ more staff The report uses 12.5% as a benchmark for the lower rate of corporation tax but suggests that on the basis that the decision is devolved to the Northern Ireland executive it may in due course choose a lower rate To maximise the benefits of a lower rate though continued

progress needs to be made on other economic development policy mechanisms including planning education and incentives for research and development and exporting Low corporation tax is not a panacea for all Northern Ireland's economic ills warns the committee and there are considerable implementation issues direct comparisons with the Republic of Ireland and its experience with 12.5% are difficult because the UK and Irish tax systems are different and the UK Government would have to satisfy the criteria laid down in the Azores judgment for the tax reduction to satisfy EU rules on state aids The committee was surprised to discover HM Treasury do not know how much corporation tax is raised in Northern Ireland It is important that the Northern Ireland Executive has as much information as possible before deciding if and how it wishes to lower the rate and at least a better idea of the amount of financial risk they are taking on Furthermore the benefits of lowering corporation tax must not be outweighed by the costs to businesses and HMRC Parliamentary Debates (Hansard).
