Varney Report Northern Ireland:

Decolonising Peacebuilding Chamindra Weerawardhana, 2019-01-08 Exploring the conflict management trajectories of Northern Ireland and Sri Lanka this book engages in a discussion that highlights the importance of decolonising approaches to peacebuilding and conflict management in deeply divided societies Existing knowledge on the topic is largely produced in the Western academy using global North centric approaches This book written by a researcher from the global South who navigates the political life of a deeply divided society in Western Europe begins a conversation on a new 21st century re conceptualization of ethno national conflict in deeply divided societies based on a paradigm of decolonising This book will appeal to policymakers and practitioners in peacebuilding and related areas worldwide and students of peace and conflict studies as well as a general readership with an interest in decolonial approaches to world politics Multi-Level Governance and Northern Ireland Cathy Gormley-Heenan, Derek Birrell, 2016-04-29 This book examines the governance arrangements in Northern Ireland through a multi level lens particularly in the period since the new institutions established through the 1998 Agreement became more firmly embedded The Conservative-Liberal Coalition M. Beech, S. Lee, 2015-04-08 This book offers a unique full term analysis of the Cameron Clegg Government From austerity to gay marriage the Scottish referendum to combating IS it brings together expert academic voices to provide rigorous yet readable insights on the key areas of government politics and the debates which will shape the 2015 general election *The Fall of the House of Paisley* David Gordon, 2009-10-30 In this hard hitting study of political power award winning journalist David Gordon studies the political downfall of Ian Paisley and his son and shines an uncompromising light on Northern Ireland's political elite Ian Paisley firebrand Ulster Protestant preacher and politician spent forty years denouncing compromise as treachery Then in March 2007 he agreed a power sharing pack with Sinn Féin in the political wing of the Provisional IRA The historic deal earned him plaudits from around the world and the top job in Northern Ireland's new devolved administration His beloved son Ian Junior took up a ministerial post by his side Yet within a year this proud family dynasty had crumbled and collapsed First Ian Junior resigned as a minister after months of controversy over his links to a property developer Then Paisley himself announced his retirement despite having made repeated pledges to serve a full four years in office In this fantastic work of investigative journalism award winning journalist David Gordon pinpoints the structural flaws in the House of Paisley and exposes the murky underworld of Northern Irish politics Editorial Reviews David Gordon in a fine piece of investigative journalism doggedly following his nose taking advantage of freedom of information and with good contacts in the DUP and Free Presbyterian Church FPC seeks to explain why Ian Paisley fell at what appeared to be the moment of triumph Maurice Hayes Belfast Telegraph David Gordon details where the storm came from and why it was so damaging to father and son in *The Fall of the House of Paisley* While some readers will to be blunt enjoy reliving the difficulties faced by such a pair of individuals there's more to Gordon's fine book than schadenfreude William Scholes Irish News Gordon's account is as sharp as a blade

economic development policy mechanisms including planning education and incentives for research and development and exporting Low corporation tax is not a panacea for all Northern Ireland's economic ills warns the committee and there are considerable implementation issues direct comparisons with the Republic of Ireland and its experience with 12.5% are difficult because the UK and Irish tax systems are different and the UK Government would have to satisfy the criteria laid down in the Azores judgment for the tax reduction to satisfy EU rules on state aids The committee was surprised to discover HM Treasury do not know how much corporation tax is raised in Northern Ireland It is important that the Northern Ireland Executive has as much information as possible before deciding if and how it wishes to lower the rate and at least a better idea of the amount of financial risk they are taking on Furthermore the benefits of lowering corporation tax must not be outweighed by the costs to businesses and HMRC

Ulster Since 1600 Liam Kennedy, Philip Ollerenshaw, 2012-11-22 *Ulster Since 1600* surveys the history of the province from plantation to partition and onwards from the formation of the Northern Ireland state to the Troubles of recent decades It synthesises existing historical knowledge and also brings new insights to bear on the political, social and economic evolution of the province and its peoples The word Ulster conjures up images of communal conflict, sectarianism and peace processes of indefinite duration but as this volume shows there is much more to the history of Ulster and its peoples From the Plantation of Ulster in the early seventeenth century the province has been home to three major ethnic and religious groups It was this radically reconstituted society that produced a precociously early emigration to North America that celebrated the outbreak of the French Revolution and that in the Victorian era hosted Ireland's first industrial city Its rural poor suffered destruction and death during the Great Famine of the 1840s along with their counterparts in the south of Ireland Its urban working classes had much in common with the industrial classes of England and Scotland in terms of religiosity, popular entertainment, labour movements, gender and family relationships This multi-authored volume is a major contribution to the history of Ireland and to Ireland's contested place in the British and the wider world
