THE ESSENTIAL TEXTS

Introductions from

HIS HOLINESS POPE BENEDICT XVI
and
JAMES CARROLL

Documents edited by Norman Tanner, SJ

Vatican II The Essential Texts

**Lucas Van Rompay, Sam
Migliarese, David Morgan**

Vatican II The Essential Texts:

Vatican II Norman Tanner, 2012-09-04 By encouraging engagement with the modern world and a refocusing of traditional teaching the Second Vatican Council brought new life into the practice of Catholicism The council's impact on the Church is still playing out today and with many current church issues finding their roots in differing interpretations of Vatican II it has never lost relevance Vatican II The Essential Texts brings together the key documents of the council As the council is commemorated on its 50th Anniversary readers will be returning to these source materials to understand the Church's developing positions on its relationship with the secular world and other religions the role of lay people human rights and the common good the liturgy and other still highly relevant issues In addition to the introductions from Pope Benedict and James Carroll the documents will also be accompanied by brief historical prefaces from Professor Edward Hahnenberg

The Long Shadow of Vatican II Lucas Van Rompay, Sam Miglarese, David Morgan, 2015-07-01 With the Second Vatican Council 1962-65 the Roman Catholic Church for the first time took a positive stance on modernity Its impact on the thought worship and actions of Catholics worldwide was enormous Benefiting from a half century of insights gained since Vatican II ended this volume focuses squarely on the ongoing aftermath and reinterpretation of the Council in the twenty first century In five penetrating essays contributors examine crucial issues at the heart of Catholic life and identity primarily but not exclusively within North American contexts On a broader level the volume as a whole illuminates the effects of the radical changes made at Vatican II on the lived religion of everyday Catholics As framed by volume editors Lucas Van Rompay Sam Miglarese and David Morgan the book's long view of the church's gradual and often contentious transition into contemporary times profiles a church and laity who seem committed to many mutual values but feel that implementation of the changes agreed to in principle at the Council is far from accomplished The election in 2013 of the charismatic Pope Francis has added yet another dimension to the search for the meaning of Vatican II The contributors are Catherine E Clifford Hillary Kaell Leo D Lefebure Jill Peterfeso and Leslie Woodcock Tentler

Ressourcement after Vatican II Nicholas J. Healy, Jr., Matthew Levering, 2019 Beginning with a personal recollection of the achievements of Joseph Fessio SJ this work includes twelve essays by theologians who acknowledge a debt to Father Fessio and Ignatius Press The writers treat a variety of topics including the Church the liturgy the interpretation of Scripture and the development of doctrine representing the interests of Father Fessio and the books he has published The essays touch upon the major twentieth century figures who influenced Father Fessio such as Hans Urs von Balthasar Louis Bouyer Henri de Lubac Joseph Ratzinger and Josef Pieper From its founding by Father Fessio in 1978 Ignatius Press has translated and printed works by these great thinkers and writers in order to make their contributions to the Church available to English speaking Catholics

Process Thought and Roman Catholicism John Becker, Marc A. Pugliese, 2022-03-21 This collection of essays explores convergences and divergences between process thought and Roman Catholicism with the goal of identifying reasons for why process

philosophy and theology has not had the same impact in Roman Catholic circles as in Protestantism and of constructively navigating avenues of promising engagement between Process thought and Roman Catholicism In creatively considering the Roman Catholic tradition from the vantage point of Process thought different theoretical perspectives are brought to bear on Catholic characteristics of historical theology fundamental theology systematic theology moral theology social justice and theology of religions While the contributors draw upon a broad range of resources from the disciplines of the physical and social sciences philosophy and ethics from a process perspective the primary methodology employed is theological reflection

Reconciling Theology Paul Avis, 2022-03-31 In *Reconciling Theology* leading thinker on Anglicanism and ecumenism Paul Avis focuses on the perennial Christian issues of argument debate polemic and conflict on the one hand and dialogue search for common ground working for agreement and harmony on the other Exploring the tension and interaction between them in a range of contexts in modern theology and the Church Avis offers a rigorous but accessible vision of church which moves beyond the usual dichotomy of liberal or orthodox

The Truth at the Heart of the Lie James Carroll, 2021-03-23 Courageous and inspiring Karen Armstrong author of *The Case for God* James Carroll takes us to the heart of one of the great crises of our times Stephen Greenblatt author of *The Swerve* An eloquent memoir by a former priest and National Book Award winning writer who traces the roots of the Catholic sexual abuse scandal back to the power structure of the Church itself as he explores his own crisis of faith and journey to renewal NAMED ONE OF THE BEST BOOKS OF THE YEAR BY PUBLISHERS WEEKLY James Carroll weaves together the story of his quest to understand his personal beliefs and his relationship to the Catholic Church with the history of the Church itself From his first awakening of faith as a boy to his gradual disillusionment as a Catholic Carroll offers a razor sharp examination both of himself and of how the Church became an institution that places power and dominance over people through an all male clergy Carroll argues that a male supremacist clericalism is both the root cause and the ongoing enabler of the sexual abuse crisis The power structure of clericalism poses an existential threat to the Church and compromises the ability of even a progressive pope like Pope Francis to advance change in an institution accountable only to itself Carroll traces this dilemma back to the Roman Empire and the Middle Ages when Scripture Jesus Christ and His teachings were reinterpreted as the Church became an empire In a deeply personal re examination of self Carroll grapples with his own feelings of being chosen his experiences as a priest and the moments of doubt that made him leave the priesthood and embark on a long personal journey toward renewal including his tenure as an op ed columnist at The Boston Globe writing about sexual abuse in the Church Ultimately Carroll calls on the Church and all reform minded Catholics to revive the culture from within by embracing anti clerical anti misogynist resistance and staying grounded in the spirit of love that is the essential truth at the heart of Christian belief and Christian life

Handbook of African Catholicism Ilo, Stan Chu, 2022-07-13 A disciplinary map for understanding African Catholicism today by engaging some of the most pressing and pertinent issues topics and conversations in diverse fields of studies in

African Catholicism **T&T Clark Companion to Henri de Lubac** Jordan Hillebert, 2017-06-29 The T T Clark Companion to Henri de Lubac introduces the life and writings of one of the most influential theologians of the 20th century A highly controversial figure throughout the 1940s and 50s Henri de Lubac 1896 1991 played a prominent role during the Second Vatican Council and was appointed cardinal by Pope John Paul II in 1983 His work which covers an impressive range of theological philosophical and historical inquiries has left an indelible mark on modern Christian thought This volume including contributions from leading Catholic Protestant and Anglican scholars of de Lubac s work introduces readers to the key features of his theology By placing de Lubac s writings in both their immediate context and in conversation with contemporary theological debates these essays shed light on the theological ingenuity and continuing relevance of this important thinker **Gathered in One: How the Book of Mormon Counters Anti-Semitism in the New Testament**

Bradley J. Kramer, Since the Holocaust a growing consensus of biblical scholars have come to recognize the unfair and misleading anti Semitic rhetoric in the New Testament language that has arguably contributed to centuries of violence and persecution against the Jewish people In Gathered in One Bradley J Kramer shows how the Book of Mormon counters anti Semitism in the New Testament by approaching this most Christian of books on its own turf and on its own terms literarily by providing numerous pro Jewish statements portrayals settings and structuring devices in opposition to similar anti Semitic elements in the New Testament and scripturally by connecting with it as a peer as a divine document of equal value and authority which can add these elements to the Christian canon as the Gospel of John can add elements to the Gospel of Matthew without undermining its authority or dependability In this way the Book of Mormon effectively detoxifies the New Testament of its anti Semitic poison without weakening its status as scripture and goes far in encouraging Christians to relate to Jews respectfully not as enemies or opponents but as allies people of equal worth importance and value before God

Seamus Heaney in Context Geraldine Higgins, 2021-04-01 Few poets have captured the imagination of the world like Seamus Heaney Recognized as one of the truly outstanding poets of our time Heaney s work is both critically acclaimed and popular with the general reader It is taught in classrooms across the globe and has been translated into more than twenty seven languages Presenting original research from an international field of scholars Seamus Heaney in Context offers new pathways to explore the places times and influences that made Heaney a poet Drawing on newly available archival and print sources these essays situate Heaney in a multitude of contexts that help readers navigate received ideas about his life and work In mapping intersecting themes in the current terrain of Heaney criticism this study also signposts new directions for understanding Heaney s poetry in future contexts The Catholics Roy Hattersley, 2017-03-02 The story of Catholicism in Britain from the Reformation to the present day from a master of popular history A first class storyteller The Times Throughout the three hundred years that followed the Act of Supremacy which by making Henry VIII head of the Church confirmed in law the breach with Rome English Catholics were prosecuted persecuted and penalised for the public

expression of their faith Even after the passing of the emancipation acts Catholics were still the victims of institutionalised discrimination The first book to tell the story of the Catholics in Britain in a single volume The Catholics includes much previously unpublished information It focuses on the lives and sometimes deaths of individual Catholics martyrs and apostates priests and laymen converts and recusants It tells the story of the men and women who faced the dangers and difficulties of being what their enemies still call Papists It describes the laws which circumscribed their lives the political tensions which influenced their position within an essentially Anglican nation and the changes in dogma and liturgy by which Rome increasingly alienated their Protestant neighbours and sometime even tested the loyalty of faithful Catholics The survival of Catholicism in Britain is the triumph of more than simple faith It is the victory of moral and spiritual unbending certainty Catholicism survives because it does not compromise It is a characteristic that excites admiration in even a hardened atheist

The Liberal Heartland Jon K. Lauck, Catherine McNicol Stock, 2025-04-29 Over the last two decades the political narrative of the liberal coasts and the conservative heartland has become something of a truism leading many Democrats to write off much of the Midwest as a Republican stronghold Today's polarized divide between rural and urban voters makes it easy to forget that things have not always been this way The Liberal Heartland is a powerful reminder that the American Midwest has a progressive legacy that rivals the coasts Across twenty chapters The Liberal Heartland traces the political history of this region from the post New Deal period to the rise of the New Right and Donald Trump's right wing populism The contributors explore the way liberals and progressives across the Midwest fought for expanding environmental protection engaged in community activism developed a queer labor coalition before Stonewall struggled for women's rights and representation in the Great Plains states opposed the death penalty and mobilized for Indigenous self determination among other topics In addition to well known leaders like Harry Truman and George McGovern the book highlights lesser known figures such as Lydia Cady Langer Mary Jean Collins Richard Hatcher Jim Jontz and Paul Wellstone A companion to the 2020 volume The Conservative Heartland The Liberal Heartland explores the history of the Midwest from a less acknowledged perspective recounting often forgotten stories that demonstrate the importance of the Midwest for New Deal liberalism and various forms of left wing politics This is a long overdue book that represents a fresh look at the American heartland

For The Church: Essays on Ecclesiology, Christology, and Church History William Hemsworth, 2017-12-18 This book contains easy to understand essays about some key aspects of Christianity E Topics discussed are prophecy the nature of Christ the doctrine of the Church Ecclesiology and Church History E This book discussed these topics from a Catholic perspective and will be beneficial in helping you grow in your faith

The Oxford Handbook of Christian Monasticism Bernice M. Kaczynski, Thomas Sullivan, 2020 The Oxford Handbook of Christian Monasticism addresses for the first time in one volume multiple strands of Christian monastic practice Forty four essays consider historical and thematic aspects of the Catholic Eastern Orthodox Oriental Orthodox Protestant and Anglican traditions as well as contemporary new monasticism

Irenaeus, the Scriptures, and the Apostolic Writings Kenneth Laing, 2022-01-27 Kenneth Laing challenges the concept of Irenaeus as the primary witness to the point at which the New Testament achieved scriptural status and calls into question some of the most basic conclusions and assumptions of New Testament canon formation scholarship Laing proposes a new interpretation of Irenaeus understanding of the nature and basis of authority of the New Testament writings based on his christocentric theology of revelation By exploring the texts themselves the concept of authority scriptural tradition and the question of inspiration Laing argues that while the writings possess authority equal to the Jewish scriptures it is their apostolic origin and the apostles relationship to Christ not inspiration which forms the basis of the unique revelatory authority of the New Testament writings Laing thus stresses that Irenaeus regards the New Testament writings as a written record of the apostolic tradition and the primary means of accessing its content rather than as a purely scriptural text

Postsecular Catholicism Michele Dillon, 2018-03-01 Postsecular Catholicism examines how secular realities and doctrinal ideas intersect in the lives of American Catholics in the Pope Francis era and in the Church's articulation of its teachings on sexual and family morality gender and economic and social inclusion

Dictionary of Luther and the Lutheran Traditions, 2017-08-22 In the five hundred years since the publication of Martin Luther's Ninety Five Theses a rich set of traditions have grown up around that action and the subsequent events of the Reformation This up to date dictionary by leading theologians and church historians covers Luther's life and thought key figures of his time and the various traditions he continues to influence Prominent scholars of the history of Lutheran traditions have brought together experts in church history representing a variety of Christian perspectives to offer a major cutting edge reference work Containing nearly six hundred articles this dictionary provides a comprehensive overview of Luther's life and work and the traditions emanating from the Wittenberg Reformation It traces the history theology and practices of the global Lutheran movement covering significant figures events theological writings and ideas denominational subgroups and congregational practices that have constituted the Lutheran tradition from the Reformation to the present day

[A Theology for Artisans of a New Humanity, Volume 2](#) Juan L. Segundo, 2011-05-13 [A THEOLOGY FOR ARTISANS OF A NEW HUMANITY Volume 1 The Community Called Church Volume 2 Grace and the Human Condition Volume 3 Our Idea of God Volume 4 The Sacraments Today Volume 5 Evolution and Guilt](#)

Reconstructing Theological Ethics P. A. McGavin, 2024-02-19 Theological Ethics in the book title is intended to mark a departure from the manner of Catholic practice named Moral Theology This departure has two strands because the practice that the Second Vatican Council critically addressed was a manualist tradition while much of the practice following the Council has been represented as relativist This book is not manualist in that the focus is upon method rather than on codified specification of behaviours The work is not relativist in that the focus on method is firstly scriptural approaching scripture in a holistic or canonical manner and further is lawful in an approach of law that focuses less on precept and more on understandings of natural law that brings together phenomenological evidences and

scriptural evidences The scriptural and natural law perspective present in the book also engages cross disciplinary and inter disciplinary learnings These streams of scripture natural law and inter cross disciplinary learnings have a confluence in discourse in the manner of dialogue a manner that is dialogical An essential aspect of dialogue under the banner of Reconstructing Theological Ethics is that it should engage contemporary culture not in a sense that contemporaneity or modernity should be determinative but in the sense that the reasoning argumentation and dialogue should have resonance with contemporary thinking and rethinking of issues that remain in contention for contemporary audiences Theological Ethics is a wide remit and the book provides a methodological focus on Selected Topics in Human Sexuality *Christianity as a Way of Life* Kevin W Hector, 2023-09-05 Focusing on Christianity's core practices a leading theologian imagines Christianity as a way of life oriented toward wisdom A Seminary Coop Notable Book of 2023 In this book Kevin W Hector argues that we can understand Christianity as a set of practices designed to transform one's way of perceiving and being in the world Hector examines practices that reorient us to God imitation corporate singing eating together friendship and likemindedness that transform our way of being in the world prayer wonder laughter lament and vocation and that reshape our way of being with others benevolence looking for the image of God in others forgiveness and activism Taken together the aim of these practices is to transform one's way of perceiving and acting in the face of success and failure risk and loss guilt and shame love and loss of control These transformations can add up to a transformation of one's very self To make sense of Christianity as a way of life in turn these practices must be understood within the context of Christian beliefs about sin Jesus redemption and eternal life Understanding them thus requires a systematic theology which Hector offers in this clear eyed ambitious and elegant interpretation of the Christian tradition
