*A Forgotten Migration* Crystal R. Sanders, 2024-10-01 *A Forgotten Migration* tells the little known story of segregation scholarships awarded by states in the US South to Black students seeking graduate education in the pre *Brown v Board of Education* era Under the *Plessy v Ferguson* decision decades earlier southern states could provide graduate opportunities for African Americans by creating separate but equal graduate programs at tax supported Black colleges or by admitting Black students to historically white institutions Most did neither and instead paid to send Black students out of state for graduate education Crystal R Sanders examines Black graduate students who relocated to the North Midwest and West to continue their education with segregation scholarships revealing the many challenges they faced along the way Students that entered out of state programs endured long and tedious travel financial hardship racial discrimination isolation and homesickness With the passage of *Brown* in 1954 segregation scholarships began to wane but the integration of graduate programs at southern public universities was slow In telling this story Sanders demonstrates how white efforts to preserve segregation led to the underfunding of public Black colleges

*White Women, Rape, and the Power of Race in Virginia, 1900-1960* Lisa Lindquist Dorr, 2005-12-15 For decades historians have primarily analyzed charges of black on white rape in the South through accounts of lynching or manifestly unfair trial proceedings suggesting that white southerners invariably responded with extralegal violence and sham trials when white women accused black men of assault Lisa Lindquist Dorr challenges this view with a careful study of legal records newspapers and clemency files from early twentieth century Virginia White Virginians inflammatory rhetoric she argues did not necessarily predict black men s ultimate punishment While trials were often grand public spectacles at which white men acted to protect white women and to police interracial

relationships Dorr points to cracks in white solidarity across class and gender lines At the same time trials and pardon proceedings presented African Americans with opportunities to challenge white racial power Taken together these cases uncover a world in which the mandates of segregation did not always hold sway in which whites and blacks interacted in the most intimate of ways and in which white women and white men saw their interests in conflict In Dorr s account cases of black on white rape illuminate the paradoxes at the heart of segregated southern society the tension between civilization and savagery the desire for orderly and predictable racial boundaries despite conflicts among whites and relationships across racial boundaries and the dignity of African Americans in a system dependent on their supposed inferiority The rhetoric of protecting white women spoke of white supremacy and patriarchy but its practice revealed the limits of both Cartoonists, Works, and Characters in the United States through 2005 John Lent,2006-04-30 This penultimate work in John Lent s series of bibliographies on comic art gathers together an astounding array of citations on American cartoonists and their work Author John Lent has used all manner of methods to gather the citations searching library and online databases contacting scholars and other professionals attending conferences and festivals and scanning hundreds of periodicals He has gone to great length to categorize the citations in an easy to use scholarly fashion and in the process has helped to establish the field of comic art as an important part of social science and humanities research The ten volumes in this series covering all regions of the world constitute the largest printed bibliography of comic art in the world and serve as the beacon guiding the burgeoning fields of animation comics and cartooning They are the definitive works on comic art research and are exhaustive in their inclusiveness covering all types of publications academic trade popular fan etc from all over the world Also included in these books are citations to systematically researched academic exercises as well as more ephemeral sources such as fanzines press articles and fugitive materials conference papers unpublished documents etc attesting to Lent s belief that all pieces of information are vital in a new field of study such as comic art *United States Newspaper Directory* ,1876
