Schirr,Lars Witell,2016-04-15 All the world s most advanced economies are dominated by service The service sector also employs the largest number of people and it is the fastest growing sector both in number of companies and employees The questions posed in the book are 1 How is it growing 2 what are these new service innovations 3 what are the drivers and 4 how can organizations work with service innovations in a structured way The book views service as the value creating activity that customers perform in their own context The role of a company is to provide the resources and knowledge to enable value creation Based on this view we develop a model of service innovation and develop guidelines for what is required from the organizational perspective how should an organization view its customers in order to be successful what does a service development process look like and how to transform an organization that has a product focus to a service or solution provider

Automated Vehicles and Infrastructure Enablers Kelley Coyner,Jason Bittner,2022-05-16 Transportation infrastructure systems serve as the platform for emerging automated vehicle AV technologies and in their current condition limit the reliability of these new vehicles Road conditions lane markings and signs provide essential guidance and information to both human and machine controlled vehicles however their condition and placement vary depending on local conditions practices and funding Irregular sign placements and road markings confuse both human and machine drivers and can create

unsafe conditions Still in the short term they are the easiest factor to adjust regarding successful AV deployment Automated Vehicles and Infrastructure Enablers Pavement Markings and Signs examines the issues associated with pavement markings and signs in the context of advanced automation The report focuses on unresolved issues between the AV industry and infrastructure owners and operators and provides opportunities and recommendations for the AV industry and the larger transportation community to address reliability issues Click here to access The Mobility Frontier Accelerating Infrastructure Readiness for Autonomy Click here to access the full SAE EDGETM Research Report portfolio <https://doi.org/10.4271/EPR2022011>
