I Know Best Roger L. Simon, 2016-06-14 In 1979 Christopher Lasch published the epochal *The Culture of Narcissism* warning of the normalizing of narcissism in our society Lasch may have understated it 35 years later in the Obama era with its parade of endless often inexplicable scandals we have a full blown epidemic of what has recently been called Moral Narcissism Forget Narcissus and his reflection Moral Narcissism the almost schizophrenic divide between intentions and results now pervading our culture is the new method for feeling good about yourself It no longer matters how anything turns out as long as your intentions were good that you were moral And just as importantly the only determinant of those intentions the only one who defines that morality is you *I Know Best* goes beyond Lasch to lay bare how this moral narcissism is behind all those scandals from Obamacare to the Veteran s Administration to the IRS Benghazi Bergdahl Syria and beyond Everything the Obama administration did and does was about making them feel good about themselves the results be damned And they have as their allies those supreme moral narcissists in the academy media and Hollywood ever willing to ratify those good intentions and ignore those same results But *I Know Best* is not just about the Left Moral Narcissism affects the right as well even when they don t realize it It is a true epidemic that must be cured in order to save our democratic republic and our futures
