Founded in late 1970 by three stars of the jazz world keyboardist Joe Zawinul saxophonist Wayne Shorter and bassist Miroslav Vitou Weather Report went on to become the most unique and enduring jazz band of its era with a style of music wholly its own. Now on the fiftieth anniversary of Weather Report's first album release comes *Elegant People A History of the Band Weather Report* the first book to tell the band's story in detail. Based on years of research and dozens of interviews with musicians engineers managers and support personnel *Elegant People* is written from an insider's perspective describing Weather Report's transformation from a freewheeling avant garde jazz band whose ethos was "We always solo and we never solo" to a grooving juggernaut that combined elements of jazz funk Latin and rhythm and blues. Fueled by Zawinul's hit tune *Birdland* and the charismatic stage presence of legendary electric bass player Jaco Pastorius Weather Report took on the aura of rock stars. By the time Zawinul and Shorter mutually agreed to part ways in 1986 Weather Report had produced sixteen albums a body of work that ranks among the most significant in jazz and continues to resonate with musicians and fans today **CMJ New Music Report** ,2002-11-25 CMJ New Music Report is the primary source for exclusive charts of non commercial and college radio airplay and independent and trend forward retail sales. Volume II was developed through transcribing and editing selected interviews with 29 jazz artists conducted by the author since 2011, along with a historical essay on each artist. The interviews feature musicians from a broad range of musical styles and experiences, with their beginnings ranging from the 1950s to the early 1980s. Topics range from biographical life histories to descriptions of mentor relationships, revealing the important life lessons they learned along the way. With the goal to discover the person behind the persona, the author elicits conversations that speak of the creative process, mining the individualistic perspectives of seminal artists who witnessed history in the making. By comparing and contrasting each artist's perspective to discover similarities in their career paths, these volumes are an important research tool for students and academics, offering direct information from leading figures in the jazz world. *CMJ New Music Report*, 2002-11-11. *CMJ New Music Report* is the primary source for exclusive charts of non-commercial and college radio airplay and independent and trend forward retail sales. *CMJ's* trade publication compiles playlists for college and non-commercial stations, often a prelude to larger success. **CMJ New Music Report**, 2002-10-21. *CMJ New Music Report* is the primary source for exclusive charts of non-commercial and college radio airplay and independent and trend forward retail sales. *CMJ's* trade publication compiles
