A New Chronology for Old Testament Times Jan Van Tuyl, 2012 This book brings solutions to a very great list of hitherto unsolved chronological and synchronisation problems The reason why those solutions could be found lies in the extensive research the author made in old and often rare texts instead of limiting himself to the near exclusive source of the Bible Ample use has been made of information that is available in works like the Books of Enoch The Apocrypha The Legends of the Jews The Seder Olam the Book of Jasher and many more as well as in the texts from known historians like Herodotus and the famous Jewish historian and priest Flavius Josephus Just a few of the many special findings are The real reason why Joseph was so popular with the Pharaoh Sarah was not Abraham's half sister Moses was uncircumcised and even forbade the ritual for 40 years Terah was not 70 years old when he begat Abraham The exact period of the Judges when they started and when they ended A solution for the verse of the about 450 years of Paul's speech Why did the Lord God give form and then blew life into Adam Eve was not made out of Adam's rib but from another body part A solution to the impossible synchronism of Judah and his sons Enoch made not one but 4 trips to Heaven The definitive answer why did King Josiah attack Necho II Why did King Ahab not fight at Qarqar And many more The book has a unique style It has nothing of the study book difficult to understand texts The subject is serious well researched and treated with respect But that does not mean that it cannot be presented at a fast moving pace in easy to read style with here and there even a bit of humour The purpose of the book is to prove that the promise that the Lord God made to Adam was kept It held that there would be exactly 5500 years between the arrival of Adam in this world and the arrival of Christ Every person who was of importance in that timespan has been visited For every single one there are his years of birth and death or the years of his rule Every person has a short story about some important part of his life his actions or the influence he had on the history of the Hebrew people that lived in that period

History Without the Boring Bits Ian Crofton, 2013-09-03 Conventional chronologies of world history concentrate on the reigns of kings and queens the dates of battles and treaties the publication dates of great books the completion of famous buildings the deaths of iconic figures and the years of major discoveries But there are other more interesting stories to tell stories that don't usually get into the history books but which can nevertheless bring the past vividly and excitingly to life Imagine a history lesson that spares you the details of such seminal events as the 11th century papal imperial conflict that fails to say much at all about the 1815 Congress of Vienna and that neglects entirely to mention the world changing moment that was the 1521 Diet of Worms Imagine instead a book that tells you the date of the ancient Roman law that made it legal to break wind at banquets the name of the defunct medieval

pope whose putrefying corpse was subjected to the humiliation of a trial before a court of law the identity of the priapic monarch who sired more bastards than any other king of England and last but not least the date of the demise in London of the first goat to have circumnavigated the globe twice Imagine a book crammed with such deliciously disposable information and you have History without the Boring Bits By turns bizarre surprising trivial and enlightening History without the Boring Bits offers rich pickings for the browser and entertainment and inspiration aplenty for those who have grown weary of more conventional works of history

Historical Dictionary of Medieval Christian Nubia Richard A. Lobban Jr., 2020-10-20 Medieval Christian Nubia is often a neglected period of medieval African history Because meaning is determined largely by context this work traces the Greco Roman Meroitic and Jewish precursors The regional historical and theological schisms within Christianity are also a highlight The dynamics of the three Nubian kingdoms of Nobatia Mukurra and Alwa are the centerpiece of this book that covers mural arts architecture and the names of the leading kings and bishops Another strength of the book is the analysis of the 700 year baqt peace treaty between Christian Nubia and Islamic Egypt this is considered to be the longest lasting treaty in diplomatic history The complex transition from Christianity to Islam in the 14th century is analyzed in great personal political and military detail Historical Dictionary of Medieval Christian Nubia contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on politics economy foreign relations religion and culture of the medieval

Nubians This book is an excellent resource for students researchers and anyone wanting to know more about Medieval Christian Nubia Historical Dictionary of Ancient Nubia Richard A. Lobban Jr.,2021-04-10 This new book descends from a former combined reference book on Ancient and Medieval Nubia but now expands and focuses primarily on Prehistoric and Ancient times It contextualizes the foundational roots of human evolution in the Paleolithic and Mesolithic stone ages and on to the Neolithic revolution built on farming and livestock Meanwhile Kerma was the most ancient African states and their relationship with dynastic Egypt Precisely ancient Kerma was a serious political economic and military rival to Old and Middle Kingdoms of Egypt But in the New Kingdom the balance of regional forces was dramatically changed with Egyptians defeating Kerma and occupying and colonizing Kush Nubia for 500 years In the 11th century BCE the political unity of Egypt withered away and after recovering from foreign exploitation Nubians began to reconstitute a small state at Kurru with renewed pyramid building and then finding no Egyptian resistance these Nubians kings advanced on Egyptian Nubia and then on to Upper Egypt Finally Nubians were able to take over all of Egypt as the pharaohs of century long Dynasty XXV This so called Ethiopian dynasty had the famed pharaohs of Piankhy Shabaka Shabataka Taharka and Tanutamun ruling for various terms three of who are mentioned in the Biblical Old Testament Even when Nubians were expelled from Egypt by foreign Assyrian invaders they retreated to Napata to carry on their ancient state for three more independent centuries as Egyptian remained conquered by various foreigners for 2 500 years Most notable of these foreign conquerors of Egypt were the Greeks Ptolemies and the Roman who arrived and polytheists and left as Christians During this Greco Roman period in Egypt Nubians strategically withdrew still further south to the Kingdom of Mero from the 4th century BCE to the 4th century CE Meroe is also covered in great detail as it was famed for many regnant queens a unique and undeciphered writing system iron production and important monumental works including more pyramids than found in Egypt Yes smaller and later but many more pyramids that are still standing in several World Heritage sites in Nubia After Mero began a long decline it was finally vulnerable to attack from Christian Axum on the 4th century CE Two murky centuries of regional rule known as the X Group were to follow but by the 6th century Nubians recreated three Christian states that are covered in detail in the following Historical Dictionary of Medieval Christian Nubia and the Historical Dictionary of Sudan for Islamic and modern times Orde Wingate Trevor Royle,2014-11-30 A superb biography of the controversial British Army officer who lead the 77th Indian Infantry Brigade against the Japanese in Burma during World War II HistoryOfWar org Winston Churchill described Wingate as a man of genius who might well have become a man of destiny Tragically he died in a jungle aircraft crash in 1944 Like his famous kinsman Lawrence of Arabia Wingate was renowned for being an unorthodox soldier inclined to reject received patterns of military thought He was a fundamentalist Christian with a biblical certainty in himself and his mission He is best remembered as the charismatic and abrasive leader of the Chindits With the support of Archibald Wavell he was responsible for a strategy of using independent groups deep behind enemy lines supported only by air drops Wingate

was responsible for leading the charge of 2 000 Ethiopians and the Sudan Defence Force into Italian occupied Abyssinia Remarkably he defeated a 40 000 strong enemy that was supported by aircraft and artillery which Wingate did not possess Despite his achievements Wingate suffered from illness and depression and in Cairo attempted suicide He was not universally liked his romantic Zionism contrasted with the traditional British Arabist notions He did however lead from the front and marched ate and slept with his men In this authoritative biography Royle expertly brings to life a ruthless complex arrogant but ultimately admirable general An insightful look at the controversies which have dogged Wingate s reputation over the years strongly recommended to anyone interested in irregular warfare and counterinsurgency operations African Armed Forces Journal
