Rethinking Communication in Social Business Craig E. Mattson, 2018-08-31 Social entrepreneurship increasingly assumes a position of strength in the dynamic milieu of late modern democratic societies A plethora of companies have now arisen everything from mighty social enterprises like Warby Parker and TOMS to tiny outfits like Clean Slate and Bright Endeavors whose business focused approach to social problems is not merely additive but integral to their missions These companies respond not only to a felt proliferation of humanitarian and environmental predicaments but also to enormous shifts in public feelings and technological sensibilities These predicaments and make social entrepreneurs urgently needed and remarkably complicated But if social entrepreneurs deal with that complexity with a business as usual approach to making the world better imitating for example corporate social responsibility initiatives by transnational companies they will lose their vital distinctiveness and efficacy Drawing on a transdisciplinary perspective close rhetorical analysis and qualitative interviews with social entrepreneurs this book argues that one good way to keep social business disruptive is to rethink how organizations model their communication Instead of assuming a conventional theory of communication neatly organized around the relations of senders and receivers social entrepreneurship should enact a performative model of communication in which messaging and action are affectively woven This book offers suggestions for making this performative model sustainably disruptive in relation to questions that pester social entrepreneurs how to tell the company story how to raise awareness how to address complex audiences and how to solve problems

Family Storytelling Jody Koenig Kellas, 2013-09-13 Stories and storytelling are one of the primary ways that families and family members make sense of both everyday and difficult events create a sense of individual and group identity remember connect generations and establish guidelines for family behavior With so many important functions storytelling is a significant but still understudied communicative process for the family Family Storytelling focuses on the ways in which stories are told in and about family in order to provide insight into the processes functions and consequences of family storytelling This collection of empirical articles illuminates various ways in which family storytelling affects and reflects the negotiation of individual and relational identity in the family teaches important family lessons and helps members make sense of and cope with difficulty Each of these functions is explored through both scientific and interpretive investigations thus showcasing the contributions that research on family storytelling from different paradigms make to our understanding of the family This book was originally published as a special issue of the Journal of Family Communication
