Pocius,2000 A Place to Belong is a profusely illustrated intimate contemporary portrait of Calvert a three hundred year old fishing village on Newfoundland s southern shore Often using its residents own words Gerald Pocius describes in detail the continual creative encounters between past and present between individual and community that make up daily life in Calvert By accepted standards of tradition Calvert s culture is declining Old structures are regularly torn down or renovated antique household items are replaced with modern conveniences Pocius argues however that the tangible expressions of a culture can be misleading Calvert s essence is not in the things owned and used by its residents but in the spaces in which those things abide and in the attitudes values and obligations that delineate the order of those spaces From woodlands water and fields to yards gardens and homes Calvert s physical and social structure is governed by shared concerns about the community s livelihood and welfare As a resident of Calvert puts it Where you re working in the same space with people you know it s just not practical to be falling out with everyone The sense of community that pervades Calvert is best exemplified by its annual draw for fishing berths Because productivity varies among offshore fishing grounds there is no private ownership of fishing rights Rather a lottery instituted in 1919 ensures each family the same chances for periodic access to the best fishing berths The draw continues until all the fishing berths are awarded but it is common for a family to opt out

once they have drawn enough good berths There are also instances of the most successful fishing operations sharing their catches From his observations of Calvert s people at work and leisure Pocius provides evidence to confirm the viability and durability of their culture He reveals that standard assumptions about culture are inadequate particularly those based on the primacy of artefacts and on sharp dichotomies between tradition and modernity Calvert he shows belies our notion that declining cultural values and social segmentation are unavoidable side effects of modernisation and a rise in material well being A Place to Belong will promote a constructive scepticism about the ways we perceive and interpret cultures and most important will remind us of what it really means to belong to a place Mr. Punch's Victorian Era Punch (London, England),1888

Genius of Place Max Putzel,1985-01-01 Until recently most discussions of William Faulkner have centered exclusively on his novels Yet no chronicle of Faulkner s Growth as a literary artist perhaps America s foremost in this century can afford to overlook the years he spent struggling to establish himself as a writer of short stories To trace in detail Faulkner s personal and artistic growth during the prolific years 1925 1931 when he was approaching artistic ripeness and earning belated recognition has hitherto been impossible There seemed to be no means of dating the innumerable drafts the false starts and fumbling revisions among the thousands of sheets left behind when he died in 1962 Max Putzel s critical study of these crucial formative years fills this gap assigning dates to the sketches and drafts of stories and relating them both to Faulkner s jealously guarded private life and the several critical histories of the novels that have recently appeared Putzel maintains there is a necessary a symbiotic relation between the novels and the stories He also finds that the short story form Faulkner found so hard to master liberated a lyrical power that had been stifled during his confused dilettante period as a poet in a provincial southern town Yet his turbulent ambivalent feelings about that town and its inhabitants were essential to his development however slowly and reluctantly he surrendered to their benign influence the genius of his homeplace Faulkner also was sensitive to the monumental revolutionary changes even the trivial fads and foibles of his own time the changes that swept the world outside of Oxford Mississippi after the Great War he so regretted having missed Faulkner s maturing vision of man history and class and caste relations was affected by Einstein s theory of relativity Freud s probing into the hidden wellsprings of human behavior Eliot s borrowings from anthropology Joyce s new rhetoric Diaghilev s eclecticism Picasso s ventures in cubism and classicism not to mention the Treaty of Versailles Prohibition jazz free love free spending gang violence false prosperity the crash and the depression These factors also helped shape a style capable of evoking passion and tenderness anger and laughter and every intermediate shade of feeling a style demanding the creative effort of readers Genius of Place takes all this into account while seeking to determine what is likely to endure and reward future readers of works like *Carcassonne* and *The Sound and the Fury* the *Snopes* trilogy and *As I Lay Dying* *Dry September* and *Sanctuary*
