The Last Straw:

The Last Straw Frederick H. Thury, Vlasta Van Kampen, 1999-10 Hoshmakaka a camel has been chosen to carry the wise men's gifts to the new baby king in Bethlehem. On his way he meets many people with gifts. Hoshmakaka fears his burden will become too great when he arrives he learns the meaning of his task. *The Last Straw* J. Mawek, 2017-04-25 In the not too distant future a natural disaster sneaks up on the international agency charged with observing and responding to climate change. Indications are topsy turvy as sea levels and tides are falling as opposed to rising. As the central characters are drawn into the disaster readers of *The Last Straw* get an up close look at how modern man deals with the challenges of a fluctuating planet and life threatening climate change. *The Last Straw* is also the story of how our social attitudes and values can surprisingly and dramatically change as our lives grow longer. It also explores new and future technology both realistically and in the realm of science fiction. On the lighter side it is a sea faring adventure involving an enigmatic man of great longevity skills and personality a globe trotting couple who at times find themselves at odds and a long lost sibling with a dark past who brings them together. Geologists climatologists an oceanographer and a world class Elon Musk like technologist dealing with latent homosexuality round out the cast of characters. Paralleling the story's global climate change theme along with ideas of enhanced futuristic technology and communication capabilities the action extends from the eastern front of the Colorado Rockies to Falmouth Massachusetts Andalusia Spain Zug Switzerland and the Atlantic and Mediterranean waters of the Iberian Peninsula. **The Last Straw** Zoe Matthiessen, 2021-01-05 Meet Sippy the world's last plastic straw. Sippy a plastic straw who was used once and then discarded worries what will happen to him when he realizes he can't be recycled. As he flies floats and flutters around the planet he meets animals who are struggling with the plastic problem. He chats with a raccoon with a six pack ring around his neck a cardinal whose nest is made entirely of junk turtles who confuse grocery bags with food a hermit crab forced to live in a plastic cap and a startled duck who runs around with a chip bag on her head. Finally Sippy is swallowed by a hungry whale who is dining on ocean trash. Just when all hope seems lost he skyrockets to freedom and calls out Together we can fix this. Let's clean our world let's try. Parents and teachers of children 7 to 10 years old can use Sippy's colorful adventure based on real examples of animals in our environment to raise awareness about the impacts of plastics on nature and to teach children about alternatives to single use plastics. *The Last Straw* Harold Titus, 2019-12-12 In *The Last Straw* Harold Titus presents a compelling narrative that explores themes of resilience societal pressures and the frailty of human connection.
