The Lazy Mans Guide To Grappling English Edition:

The Lazy Man's Guide to Grappling Bakari Akil II, Ph.D., 2017-08-05 The Lazy Man's Guide to Grappling is a hilarious look at what some grapplers do to cope in the hard charging grappling environment It exposes the truth about grapplers and grappling that is never discussed but everyone thinks about We are all guilty of some of the Lazy Man's practices to varying degrees This book exposes The Lazy Man's Takedowns The Truth about Warmups Magic Funk Taps Credit Vision Injured Grapplers Psyche Out Methods Superhero Taps Blue Belt Heaven Grappling Dummy and Heavy Bag Secrets and so much more From the author This is not a how to book So there won't be any pictures demonstrating techniques If there were I would lose all credibility It is more of an approach towards grappling my overarching philosophy I will not be sharing my life story and detailing all of my wins at NAGA or Grapplers Quest or how I trained five hours a day for six years to get where I am now I am just a man who loves grappling but not all of the extras that are attached to it If I could get up in the morning and just learn a technique and grapple for about 20 minutes then life would be golden I am like BJ Penn who popularized the term Just Scrap I feel the same way Just Grapple

Grappling 101 Bakari Akil II, Ph.D., 2017-08-03 This is the Bully Proof for beginning grapplers It'll help you develop a force field to help shield you from making newbie mistakes The advice in Grappling 101 is information that people will not share with you during instruction or drill but will tell you at the most inopportune moments They are pointers that everyone should give you on day one but end up as sporadic pieces of advice usually shouted out while someone is handing your ass to you This is not a handbook that shows you step by step sequences that will help you wreak havoc in your gym or on the competition mat Instead it is grappling theory It was written with the intention of keeping you from becoming a victim Theoretically if you use the advice in this book it will save you a lot of grief and help you to avoid a lot of needless tapping The information in Grappling 101 will take months and in some cases years away from time that would normally be spent as a newbie then as a rookie It will keep you from making what someone who is hard on themselves would describe as stupid or silly mistakes Attention This book is for beginners Read this book before you begin grappling That said if you have already begun to study submission wrestling then you've probably learned what's in this book the hard way Yet it is always good to review the basics so Grappling 101 can be read by all

Tapmonster Bakari Akil II, Ph.D., 2017-08-10 There is nothing in the world like grappling It is primal and in its very essence it is what life is all about the chase fun struggle and survival It teaches you how to cope with trying situations teaches you to always search for options and that you can triumph even when the odds are against you This combat art puts you on the Quixotic hunt for the real you the champ lurking inside It wants you to find that inner beast that allows you to rip off your shirt look your opponent in the eye and utter those immortal fighting words made famous by Kimbo Slice Run it And that is the spirit in which this book was written Tapmonster was written for that grappler who is looking for an extra edge and alternative approaches to grappling In my decade of grappling I have used many ideas to increase my skills And since my inspiration has come from

many sources I did not hesitate to include ideas from academic research other sports and from the ordinary man on the street in this book I also know that the best way to learn is from those who do it the best That is why Tapmonster is also filled with ideas from the champions of our sport Tapmonster covers How to deal with FNGs The Pump Fake The Hands Off Approach Snatching and Tripping Ambidextrous Thinking Shaquille O Neal and Grappling The Importance of Gimmicks Belt Chasing Grappling Finance How the movie Money Ball can help your grappling ADCC and BJJ World Champ Robert Drysdale s key to training What Felipe Costa BJJ World Champion says about getting good How to use the flipped classroom in the grappling environment How does Tito Ortiz s thoughts on MMA relate to grappling The Power of Love and Hate in Grappling What can Arnold Schwarzenegger do for your grappling game What s the secret behind BJJ World Champ JT Torres s smile What made Eddie Bravo so confident that he would whisper Are you ready into an opponent s ear And much more so much more Reader Review BUY THIS BOOK I don t ordinarily write reviews but I am notorious for reading and using reviews to make purchases This will be my second review ever That alone should tell you that this book was able to motivate me to actually write this Wherever you are at in your grappling game BUY THIS BOOK I am currently preparing for my first BJJ tourney had a horrible class and could not stop thinking about all I had done wrong earlier on the mats After about 3 hours of tossing and turning I thought maybe I ll find a book of some kind some nugget of wisdom that will rescue whatever BJJ game I had left I had purchased one of this author s other books and this one seemed somewhat new While I understand that this review seems contrived in that this book ended up being just what I needed but it truly was I don t know if it will rescue my game but it assuredly got me motivated to get back to work on it Whatever level in your grappling journey this book will help you It will more specifically tell you things that no one ordinarily talks about on or off the mats It s a quick read but the true take away is that you re not alone in the feelings the blood sweat and tears and just plain difficulty that is the grappling arts You will not be disappointed with this purchase And though I haven t written reviews yet I have also purchased 20 ways to improve your Grappling and Grappling for Newbies both by this author both highly highly recommended Hope this review helps Walt Tapmonster is funny thought provoking entertaining and inspiring **Psychology of Brazilian jiu-jitsu** Bakari Akil II, Ph.D.,2017-08-03 Grappling is a smash mouth activity It is a put your beer down and let s settle this type of martial art Man vs man woman vs man child vs man it is one of the ultimate prove it combat sports Yet once you get past the rough and challenging aspect of submission wrestling it s easy to see that grappling is much more than that It is also a very cerebral activity Psychology is the study of mental processes and behaviors By studying our psyches we hope to learn how to successfully navigate our world and become more capable in our endeavors As the goal of theory is explanatory and predictive power using psychology theories can help us to understand some of the existential questions behind our art and can help us to create better models for training and success In other instances it is just plain fun to think about The application of psychology to submission wrestling is relatively new and in many cases non existent so this book is more of an

exploration of what is possible It covers a broad range of topics and doesn't hesitate to introduce counterintuitive thought for the reader to ponder and digest Psychology of Brazilian Jiu Jitsu will whet your appetite to see how psychology can be applied to grappling and not just in a generic sports psychology sense Through the use of essay Psychology of BJJ talks about what it's like to be the new guy problems with warm ups success by default immersive environments why you can't always be nice in practice and even asks outright Are you happy If that is not enough it also discusses why you absolutely must not avoid better grapplers tells you what type of grappler you are and why your team is just as important as your coach Additionally Psychology of BJJ delves into the unconscious mind and talks about easy ways to improve by taking simple steps you probably never thought about before It also discusses quirky but valid psychological theory based on new research that can make a difference in your grappling game
