

Dear Parents of ECA:

It's a pleasure for us to present to you the most important Vacation Bible School in the United States brought to Colombia in 2017.

VBS (Vacation Bible School) is a 5-day program, in which children between 5 and 12 years old, learn about Jesus in an extremely fun way, and completely immersed in English.

As they rotate through 7 stations with specific topics (imagination, art, cinema, among others) we reinforce Biblical ideas that will seal their hearts with God's living word.

We know that **VBS** is a powerful tool to bring the kingdom of God to our nation and we don't want any child between 5 and 12 years old to miss out.

This year, **VBS** brings "Shipwrecked" where we'll emphasize the truth that **JESUS RESCUES** us in any circumstance: when we feel alone, afraid, or if we fail.

We invite you to visit our official webpages: www.vbscolombia.com / www.facebook.com/vbscolombia to know more about us and access the sign up forms bit.ly/2vbtv0iz to guarantee a spot for your child.

The spots are limited. Don't miss out!

Sincerely,

Vbs Letters To Parents

**United States. Air Force. Office of the
Chief of Chaplains, Daniel B. Jorgensen**

Vbs Letters To Parents:

Python knowledge building step by step from the basics to the first desktop application Dr. Csaba Dobreff, 2025-02-08

The aim of this book is to take the reader from the basic knowledge of computing essentials for programming in Python to a level of proficiency that will enable you to write a full fledged desktop application with a graphical user interface In a single book the reader will get essentially the material of three books in a consistent structure an introduction to the basic concepts and language building blocks the application of the commonly used standard library modules and the development of graphical user interfaces The book starts from scratch and the subsequent chapters build on each other Therefore it can be used as a textbook for beginners who want to learn computer programming and Python Hence it can be useful for high school university and course students or hobby programmers This book is particularly recommended for those who wish to attend a Python course but for some reason caring for a small child limited mobility distance time constraints etc cannot The book can help in this situation because its content covers the knowledge that is provided in courses from beginner to advanced level but it can be studied at the reader s own pace As the presented body of knowledge is gradually deepening and leads to more and more subtle details of the language this book is also recommended for teachers engineers software developers data analysts and data scientists The book can also be used as a handbook This means that if you have a task to solve or get stuck on a particular feature or detail of the language and you remember that there was a section diagram table or example in the book about it you can go back and read it again However it is not a reference book in the sense that it is not a concise summary of the language It is not intended to be a repetition or substitute for the official Python documentation instead it supplements it by providing more detailed descriptions of language features and showing the usage through examples or by giving explanations about the background of a particular language element The primary goal of the book is to help you understand the principles and concepts to gradually acquire knowledge of the language and to develop the practical skills needed to create Python programs In order to facilitate learning and retention of knowledge along with numerous figures diagrams and tables simple real life analogies and metaphors are presented in several places in the text These analogies mainly appear in passages that contain crucial principles or fundamental concepts that are particularly important for progression As far as the content is concerned in addition to some of the core principles of programming and software development the reader is gradually introduced to important terms and language concepts such as object container iterator and generator function and coroutine function and class decorator closure class abstract class mixin class data class protocol data and method attribute method resolution order property attribute descriptor single and multiple inheritance module package polymorphism static and dynamic typing strong and weak typing type hints and static type checking In addition to the basic language building blocks and structures a number of frequently used modules of the standard library are presented in relation to a specific problem Such sections are particularly useful for modules that may not be easily understood by

everyone from the official documentation such as the decimal module which supports high precision mathematical calculations and the tkinter module which allows making a graphical user interface This ebook covers the language features up to Python 3.13

Called to Teach: A Complete 10-Week Training Guide for Impactful VBS Teachers Gerard Assey, 2025-04-03 Are you ready to inspire, equip and transform the next generation for Christ? Teaching children about God is one of the most rewarding and life-changing callings. But how do you make lessons engaging, biblical truths unforgettable, and classroom management effective while ensuring kids truly encounter Jesus?

CALLED TO TEACH: A Complete 10 Week Training Guide for Impactful VBS Teachers is a powerful 10-week training guide designed to equip VBS teachers with everything they need to lead with confidence, creativity, and deep spiritual impact. From crafting fun, interactive lessons and teaching kids to pray and worship to managing classroom behavior with love and organizing a memorable VBS program, this book covers it all. Packed with real-world examples, hands-on activities, ready-to-use templates, and inspiring devotions, this guide will empower you to make a lasting difference in the lives of children. Whether you're a new teacher or a seasoned leader, this book will help you step boldly into your calling. Get ready to teach with passion, purpose, and power.

Start a Vbs Program Carla Williams, Warner Press, 2001-04-02

The Best VBS Workbook Ever! Lisa Brown, 2017 Enables organizers to envision and implement a VBS program customized for the local church. Practical, comprehensive from the ground up approach to VBS. Designing a Vacation Bible School program as opposed to choosing one of the many off-the-shelf packages is a labor of love. It considers the unique perspective of children and invests accordingly. It's a home-cooked meal compared to fast food. It sends a message to parents that a church values children enough to identify and meet their specific needs in their community at a particular moment in time. Well-designed VBS programs speak to children with respect, love, and patience, offering opportunity for authentic spiritual growth, not to mention an intentional theology that is reflective of the church. Finally, custom-designed VBS programs are a way to fully include children in the mission and ministry of the church rather than confine their unique gifts. This book provides Christian educators with the tools they need to assess the needs and resources in their congregation and to craft a creative program in response to that assessment.

The Best VBS Workbook Ever! offers direction and suggestions on theme, structure, logistics, program activities, staffing, and promotion. Audience: Episcopal and other mainline churches looking for something more original and thoughtful than typical pre-packaged VBS programs. Directors of Christian Education, Directors of Children's Ministry, Camps and Retreat Centers.

FORMA Kanuga Christian Education conference, eFormation network

Parents Guide to the Internet Jay LaBonte, 2006 Every day an unsuspecting child meets a sexual predator in an Internet chat room, and what may happen next is every parent's nightmare. With millions of children using the Internet with limited or no adult supervision, unknowingly interacting with sexual predators, it is a very dangerous and in many cases a deadly combination. Marilyn Mailman Segal, Ph.D., developmental psychologist specializing in early childhood development and dean emeritus of the Family Center at Nova Southeastern University, had

this to say Jay LaBonte has done an outstanding job in writing Parents Guide to the Internet to guide parents to help their child enjoy their computer without being victimized This book gives parents the information they need to become just as savvy as their children For more information visit <http://www.jaylabonte.com/details/pgi001.htm>

VBS Dewald van Rensburg,2020-10-01 Originally the Venda Building Society VBS Mutual Bank was a small little known lender in Limpopo before it rocketed from obscurity in 2016 by giving President Jacob Zuma a controversial home loan to repay the state for improvements to his Nkandla homestead The bank was growing rapidly and sold itself as a fearless champion of black advancement Its main shareholder Vele Investments was on a meteoric trajectory towards becoming a financial conglomerate worthy of national attention When the bank abruptly went into curatorship in March 2018 no one had any reason to doubt that it was just another unfortunate corporate failure Then the astonishing truth emerged the collapse of VBS was due to an epic R2 billion fraud that had created Vele's empire out of thin air and left the bank a hollow shell VBS A Dream Defrauded unravels the fraud exploring how suspected mastermind Tshifhiwa Matodzi and his associates first took control of VBS fed ANC patronage networks and operated under a nationalist mantle endorsed by Venda royalty The book explains how the bank and its shareholder Vele were seemingly built into a multibillion rand business exposes the political machinations that guaranteed VBS up to R3.5 billion in unlawful funding from municipalities and other state institutions and describes the free for all that ensued after the bank's collapse when all involved tried to cover their tracks Written by one of the journalists who first broke the story this book draws on interviews with VBS insiders and other role players as well as documents and detailed forensic evidence collected in the course of two years of investigations This is a compelling account of a bank heist whose shockwaves continue to haunt the politicians businessmen and traditional leaders who enabled it

Letters of Encouragement Higher Things,2023-09-05 This book is a collection of letters from pastors and professors of theology meant to encourage young men who either desire to be pastors or are interested in theology and want to learn more Each letter is a topic in theology that either relates to the Office of the Holy Ministry or is a doctrinal topic that is helpful for all Christians to know
