on the Continent How the Allies exploited the initial success of their landings and drove from the shores of Normandy to the German border is the subject of the volume The events of the period comprise a rich variety of military experience Virtually every sort of major operation involving co ordinated action of the combined arms is found the grueling positional warfare of the battle of the hedgerows the breakthrough of the main enemy position exploitation encirclement and pursuit as well as a number of actions falling under the general heading of special operations an assault river crossing the siege of a fortress and night combat among others In their variety and complexity these operations frequently bring into sharp focus the delicate problems of coalition warfare

The best U S division at war from Normandy to the Bulge and beyond The 30th Infantry Division drawn from the hill country of Tennessee and the Carolinas was regarded during World War II as the cream of the crop of U S fighting units The Germans agreed calling the division Roosevelt s SS for its tenacity and skill The 30th fought in Normandy along the Siegfried Line where it conducted the perfect infantry attack at the Battle of the Bulge and in the final operations inside Germany Baumer relies on primary sources to tell the story of this remarkable unit and its men in what is sure to become a classic World War II division history

Operation Bluecoat Ian Daglish,2010-04-19 After seven weeks of bitter fighting there was a desperate need to break out of the Normandy bridgehead In late July 1944 Lieutenant General Sir Miles Dempseys Second Army moved two entire corps from the Caen sector to the relatively quiet countryside around Caumont Here the British XXX Corps prepared to give battle with VII Corps advancing in support on the right flank between XXX Corps and the American first Army The offensive did not go to plan While the XXX Corps attack stalled VIII Corps surged ahead With the experienced 11th Armoured and 15th Scottish Divisions in the lead and Guards Armoured close behind a deep penetration was made threatening to take the pivotal city of Vire and unhinge General Haussers German Seventh Army The main narrative of this book will span the initial break in from Caumont on 30 July through the armored battles of the following days to the desperate German counter attacks of 4 6 August the no less desperate German defense of Estry up to the middle of the month and the final withdrawal from Normandy The book also examines Montys refusal to seize Vire the disputed Anglo American border and the Operations impact on the German Mortain offensive
