Inside Evangelicalism Mark Ward Sr., 2024-12-15. In *Inside Evangelicalism*, Mark Ward Sr. combines ethnographic, autoethnographic, and sociolinguistic research to identify and analyze white evangelicals' distinctive culture and speech code from a perspective rooted deeply in both communication studies and the evangelical community. The Bible emerges as evangelicalism's one dominant symbol that unifies all meaning and divides the world into a cosmic dualism between secular humanism and an all-encompassing biblical worldview. The associated language of literalism drives evangelical culture, cognition, and identity, creating a system of ordered social relations enacted through patriarchy, anti-intellectualism, authoritarianism, and white Christian nationalism. Ward's positionality as both an ethnographer of religious communication who has observed white evangelical culture for two decades and a self-identified evangelical for four decades makes him uniquely qualified to cast an insider's critical yet balanced eye on conservative white Christian culture. *Inside Evangelicalism* complements existing scholarship within anthropology and sociology where evangelicalism has been studied in conjunction with the rise of the Religious Right while contributing unique insights from religious communication studies. The book is also a landmark in its own right: a work that demonstrates the productive complementarity of ethnographic and autoethnographic research and the first study to describe evangelical culture through the ethnography of its communication.

Kelman,2018-06-19 How music makes worship and how worship makes music in Evangelical churches Music is a nearly universal feature of congregational worship in American churches Congregational singing is so ingrained in the experience of being at church that it is often misunderstood to be synonymous with worship For those who assume responsibility for making music for congregational use the relationship between music and worship is both promising and perilous promise in the power of musical style and collective singing to facilitate worship peril in the possibility that the experience of the music might eclipse the worship it was written to facilitate As a result those committed to making music for worship are constantly reminded of the paradox that they are writing songs for people who wish to express themselves as directly as possible to God This book shines a new light on how people who make music for worship also make worship from music Based on interviews with more than 75 songwriters worship leaders and music industry executives Shout to the Lord maps the social dimensions of sacred practice illuminating how the producers of worship music understand the role of songs as both vehicles for and practices of faith and identity This book accounts for the human qualities of religious experience and the practice of worship and it makes a compelling case for how sometimes faith comes by hearing *JazzTimes* ,1998-05 *JazzTimes* has been published continuously since 1970 and is the recipient of numerous awards for journalism and graphic design A large cross-section of music aficionados and fans alike view *JazzTimes* as America's premier jazz magazine In addition to insightful profiles of emerging and iconic stars each issue contains over 100 reviews of the latest CDs Books and DVDs Published ten times annually *JazzTimes* provides uncompromising coverage of the American jazz scene **The Metronome** ,1933
