Henderson, Charles L. Hooper, 2006 The phrase work smarter not harder has been repeatedly ridiculed in the Dilbert comic strip and elsewhere not because it is a bad idea but because it is thrown like a brick lifesaver to drowning employees To tell someone to work smarter is like telling someone to be happier healthier and richer It's not much help to merely repeat the objective what people need is a plan for achieving

the objective In Making Great Decisions we show our readers how to achieve their objectives We write to help those in business and those in the business of life i e everyone to work smarter Our ideas are both simple and powerful We offer a better way to look at problems so that the solutions are easier to find We help supplement our readers clear thinking by summarizing some of the most powerful techniques we have discovered Have you ever driven through corn country From a distance all you see are corn stalks and more corn stalks in a jumbled mess Then suddenly when you get closer your perspective changes and you can see down the rows and realize that the corn was planted perfectly in straight lines Your perception of the crop changes from a messy jumble to a clear picture simply because you re in the right spot This book puts readers in that ideal spot So many problems seem like hopeless jumbles but then when you start using the techniques we discuss here they start to look as straightforward as the straightest line in an Iowa cornfield What motivated us to write this book is that over the years both of us have regularly come across people in organizations often bright people with MBAs or other graduate degrees who don t think they have the time energy or skills to make good decisions They have many clues but don t know how to put them together They regularly face situations that they could analyze with some of the tools they learned in their courses but they don t realize that We don t hold ourselves apart from this group and stories of our successes and failures are sprinkled throughout Making Great Decisions in Business and Life Publisher s Website **Bush on the**
